

Labor Contest.

## WITH THE WORKMEN IN THE CLAY PLANTS

### TRENTON UNEASY.

Trenton pottery manufacturers are uneasy over the N. B. of O. P. convention, fearing it will make demands they cannot grant. A uniform scale of wages, the manufacturers claim would be thoroughly acceptable to them, inasmuch as it would put all the shops on a more equal basis, which has been the object of the recently organized potters' association of America. But if the list provides for an increase, there, the manufacturers say, they will call a halt. They all unite in saying that the conditions of trade at the present time is worse than it has been for several years and that they will fight every attempt made to increase the men's wages.

England is underselling American-made ware and the importations this year will probably be more than it has ever been. The big jobbers are not buying and the manufacturers do not look for a jump in business until fall.

Charles Howell Cook, in discussing the condition of a True American reporter, said: "The condition of the pottery trade here is anything but favorable. Last year about this time was our business season, while now I have never seen it so dull. People are now buying cheap ware, for good ware is a thing they can do without. I do not know what we could do but for the numerous concerns about the country which are at present giving large orders of ware to distribute among their trade as premiums to advertise some article."

"When I say that this is the worst year for trade I ever have known, I mean it, and I am unable to account for it, unless it is from the unsettled condition of labor and the advance in the price of raw materials."

"England has been cutting into us during the past year, and I believe that more English ware will be imported into this country this year than ever before. Trade in England has been very dull for some time and the result has been that labor has become so cheap that the manufacturers there are underselling us."

Mr. Cook was then asked what he thought of the proposition of the National Brotherhood of Operative Potters to compile a uniform price list for the east. Mr. Cook said: "A uniform price list would be an excellent thing for the potteries here, and I think that the manufacturers would assist the Brotherhood officers in putting it in force. If this new list is to provide for an increase in wages, I do not see how we can accept it in the face of the present trade conditions."

### EGYPTIANIZED CLAY.

A discovery which gives promise of affecting the clay industry and it various branches has been made by E. G. Acheson, of Niagara Falls, formerly of Pittsburg, and the inventor of carborundum. While experimenting in crucible manufacture, Mr. Acheson had occasion to search for a clay possessing certain qualities. He experimented with domestic and foreign clays, and wondered why German clays were esteemed superior to American, says the Scientific American. He realized that in some manner Nature had given them different treatment; that something had been mixed with them, possibly through water, that increased their plasticity. He began a series of experiments, and gathered all the information he could in regard to clays.

Among other facts that commanded his attention was the seventh verse of the fifth chapter of Exodus, which reads: "Ye shall no more give the people straw to make brick, as heretofore; let them go and gather straw for themselves." The twelfth verse of the same chapter and book also interested him, for it reads: "So the people were scattered abroad throughout all the land of Egypt to gather stubble instead of straw."

Mr. Acheson secured a quantity of straw, and had it sent to his laboratory. There he boiled it in hot water, and the liquid he obtained was of dark red color. This liquid he used in the treatment of clay, and found that it was excellent for increasing the plasticity. He sought out the principle, and determined that the agent was tannin. He treated other clays with water in which tannin was in solution, and realized that he had found the secret and made a most important discovery.

The name given by Mr. Acheson to clay treated by his process is "Egyptianized clay." He has discovered that it is practicable so to treat clay and other earthy materials as to insure greater strength in the products made therefrom, also to greatly reduce the shrinkage and warping in the process of drying and baking, and also to increase the solubility and the plasticity of the material. By his process, non-plastic clays may be rendered plastic and plastic clays more plastic by treatment with tannin or an agent

### NOVELTIES IN CHINA.

Novel holders for mustard, for horseradish, for catsup and other relishes have covers representing turtles and the quaint heads of fishes, in which the expression is very arch. The place for the tiny ladle is cunningly introduced under a claw or gill. Fish sets showing seaweeds and sprays of coral, star fishes, conchs and other briny suggestions are more apt and beautiful than ever, and as accompaniment come bowls for the dressing, daintily mounted and having fish symbols and marine tokens on cover and handle. Olive sets decorated in floral patterns show tropical leaves and blossoms that burst into fringe about the edges like cactus flowers. These have the small holders to match the dish, some with decorative handles and others of the usual round or oval pattern.

### FREIGHT CONGESTION STILL.

Joseph Mayer, of the Mayer Bros. Pottery company, Beaver Falls, thinks the effect of freight congestion has not entirely disappeared. Trade at this time is not meeting his expectations and he argues, very plausibly, too, that delay in delivery means a corresponding delay in placing orders, and accounts for interruption of trade at his plant from this cause. He outlook for the plant this season, he says, is good.

### ENLARGING CAPACITY.

A new double decorating kiln and a bisque kiln are being added to the plant of the Keystone Pottery company, New Brighton, Pa. This firm entered trade about seven months ago. Manager Rigby said: "Absolute necessity compelled us to increase our facilities to meet the demand."

### Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional means. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it becomes a closed, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; none can cure it if it is not cured by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Park, May 5.—Summer days once again and the beautiful showers have made their appearance. Everybody and every living creature seems happy.

There was quite a large attendance Sunday at the services at the First M. E. church. Several visitors attended, among them Attorney W. F. Lomas and wife, of Wellsville, and Mrs. Perry J. Stephens and little daughter, Esther, of East Liverpool, who are the guests of Mrs. Frank Conkle, near Bell school.

A committee was appointed at the M. E. church by the pastor and Sunday school to solicit and arrange for the papering and painting of the inside of the church and many other needed repairs. The committee is as follows: Mrs. W. H. Crawford, Mrs. Frank Conkle and Mrs. John Henry. Quite a number from Park attended the drama at Clarkson hall Saturday evening and report a fine time.

### VICTIM OF ASSAULT DIES OF HIS INJURIES

Ex Judge W. V. B. Croeskey Dies of Wounds Inflicted By Boys at Steubenville.

Steubenville, May 5.—Judge W. V. B. Croeskey died at his home on upper Market street yesterday, after a week of intense suffering from the wounds received April 27, in an altercation with Oscar Albough and Layton Johnson, whom he accused of destroying his shade trees.

William Van Buren Croeskey was a son of Jackson and Elizabeth Ann Baker Croeskey, pioneer residents of Harrison county, Ohio, and was born on the farm in Green township February 7, 1819. His parents removed to Germany in 1841, and it was here that he received a good country school education and later was sent to the Normal college at Hopedale, where he completed his college course and was ready for the law. In the meantime the war of the rebellion came on and being an ardent patriot he enlisted under the first three months call in company H, Thirtieth Ohio, recruited at Cadiz. He served this term and then reenlisted at Germano on January 2, 1862, in company G, 73th O. V. L. for three years as a private soldier. On February 16 he was promoted to corporal, and on August 1, 1863, he was appointed principal musician of the regiment. He was with his regiment until the end of the war, serving with bravery and distinction and was mustered out with his regiment July 10, 1865.

He again took up the study of law and went to Ann Arbor, Michigan, where he completed his law course and was admitted to the Jefferson county bar in 1870. He practiced law in Steubenville and took an active part in Republican politics and was elected to the office of probate judge in 1882, and served faithfully with honor as a trusted county official and was elected to the second term which expired in 1888, and he turned over the affairs in good shape to his successor, Judge J. A. Mansfield. Judge Croeskey resumed his law practice and was still actively engaged in his profession when stricken down with the shadow of his home a week ago.

He married Miss Sarah, daughter of the late Basil Viers, of this city, who survives him at the homestead after a happy companionship of over a quarter of a century. Judge Croeskey was a member of the Christian church, a staunch Republican in politics, and a genial, pleasant gentleman.

### MI-ONA A GUARANTEED CURE

Folly of Treating Dyspepsia With Pepsin Tablets.

MI-ONA is entirely different from other treatments for dyspepsia. The fact that it is sold by Will Reed, the popular druggist, under his personal guarantee to refund the money if it does not cure dyspepsia and restore normal weight, shows that it possesses unusual merit.

MI-ONA is not an ordinary laxative pill; it is not a digestive tablet composed of pepsin or pancreatin; it is not a mere stimulant or tonic. MI-ONA is a compressed food tablet that furnishes the constituents necessary to build up the system; it aids the food to assimilate, and strengthens and readjusts the digestive organs, enabling the body to gain in natural, healthy plumpness.

Austin Flint, M. D., professor of physiology in the Bellevue Hospital Medical college, New York city, one of the most eminent medical men in the country, says: "I have yet to see a single case in which any of the pepsins, pancreatins or the physiologically absurd combinations of pepsin and pancreatin seem to have produced any benefit, even of a temporary character."

This statement made from a man of Dr. Flint's standing should convince any one of the folly of trying to cure diseases of the digestive organs by the ordinary dyspepsia tablets and powders. MI-ONA gives quick relief and makes permanent cures. The best evidence that can be offered as to its superiority and its power to cure is the fact that Will Reed will return your money if MI-ONA does not help you.

Heart Beats Per Minute. Weak Heart

Complicated With Kidney Trouble.

Dr. Miles' Heart Cure Cured Me Permanently.

"Your medicine is worth its weight in gold, and I cannot recommend it too highly for the good it has done me. I was troubled with heart disease complicated with a weak back and kidney complaint for a number of years. Although five of our best doctors waited on me I grew worse instead of better, until at last nothing seemed to do me any good. I had a pain in my back varying from 100 to 150 beats per minute, a choking and burning sensation in the wind-pipe, and pain in the heart. At the time I began taking Dr. Miles' New Heart Cure I weighed but 130 pounds. After using the medicine six months I weighed 180 pounds and felt well, and strong and hearty. My nerve, heart and kidney troubles are all gone now, and as this cure was performed nearly seven years ago I know that it is permanent."—Edward Knapp, Wilkersonville, Ohio.

"For many years I have been a great sufferer from heart disease. I was subject to fainting spells, with a clutching, oppressive or full feeling at the heart, that was difficult to describe. I was unable to attend to my household duties and was thoroughly wretched and miserable. I doctored with some of our best physicians but got no relief until I used Dr. Miles' Heart Cure and Nerve. I experienced benefit from the first few doses and finally was completely cured."—Mrs. J. M. Holloway, Geneva, Ind.

## STORE BUILDING BURNED

Kerr Bros., of the East End, Meet With \$5,000 Loss at Shippingport.

Kerr Bros. received intelligence this morning of the total destruction of their store building at Shippingport, by fire early Saturday morning. The building was occupied by Joseph Peitler as a general store and the family of W. J. Hanley. The fire broke out shortly after midnight. The structure was a 9 room building and the fire raged fiercely. The family of Mr. Hanley had a narrow escape from being suffocated by smoke and saved only two trunks of clothing and a dresser. A barn on the rear of the lot containing a large amount of produce was saved through the heroic action of the neighbors who carried water and kept the barn well saturated.

The fire is thought to have originated by rats igniting matches, as it was first discovered away from a coal stove in the rear of the room. The loss is estimated at between \$5,000 and \$6,000 and is covered by insurance to the amount of two-thirds of the loss.

## No More Meetings Until Fall.

Host Court, 1101, Grand Order of the Orient, has discontinued the holding of any more meetings until fall. The popular order has been very successful in acquiring a membership of close to 250 in its short existence. The officers of the lodge, considering the arduous duties of initiating the many political aspirants to the order previous to the elections, believe that they are entitled to a rest. Interest in the order has much interest for the members and the good work will be taken up later on.

## Action on Board Bills.

Action was brought in the court of Justice L. W. Carman by Mrs. Sarah A. Chevalier against Thomas McAfee for board and lodging, the amount claimed being \$12, and another against Harlow McAfee, amounting to \$12 for board, lodging and attendance during illness. The cases were set for hearing last night and on neither of the defendants appearing, judgment in default for the full amount claimed in both cases was entered against the defendants.

The ladies' aid society of the church will hold a business meeting at the church Thursday afternoon, at which much important business will be transacted.

## Annoyed By a Report.

C. O. Weddell is very indignant at the report which has gained circulation in the East End in regard to his being married. Mr. Weddell stated today that the report originated from a man who had a great deal of idle time on his hands. While Mr. Weddell is keeping the company of a very estimable lady of the East End, matrimony is not at present contemplated.

N. J. Orr, who has been ill for some time at his home on Pennsylvania avenue, is recovering and was able to be out yesterday for the first time.

Don't fool with a cold; no one can tell what the end may be. Pneumonia, catarrh, chronic bronchitis and consumption invariably result from neglected colds. ## COSTS NOTHING UNLESS CURED

Hyomei Costs You Nothing if It Fails Says Will Reed.

Among the many medicines upon the market that claim to cure catarrh, none but Hyomei has enough faith in its own merit to be willing to refund the money if it does not cure.

This remarkable remedy for catarrh kills the microbes and the germs of the disease and from its introduction has been sold under a positive guarantee to return the money to all dissatisfied customers. Will Reed sold thousands of Hyomei outfits in the last few years, and have had only two customers ask for a return of the money, which in every instance was promptly and cheerfully returned. They stand ready today to refund the price to anyone who is not helped by Hyomei.

The complete outfit costs \$1.00 and comprises an inhaler, a bottle of Hyomei and a dropper. The inhaler will last a life time and additional bottles of Hyomei can be obtained for 50 cents.

Breathe Hyomei for a few minutes four times a day, and your catarrh will grow better from the first day's use, and will be completely cured in a short time.

Do not try to cure catarrh with ordinary stomach medicines. Breathe the healing Hyomei which goes to every part of the air passages and respiratory organs, killing the catarrh germs and preventing their growth.

It is the only treatment for catarrh where you can get your money back from a local dealer in case it does not help you.

## Caution.

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds, perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25c size has just been introduced this year. Regular size, 75c. At all druggists.

## A HINT TO THE WISE

This Advice Will Bear Repeating in East Liverpool.

"Don't chase shadows." Doubtful proof is but a shadow. You can rely on testimony of people you know.

You can investigate local evidence. Mr. G. H. Garner, the well known manufacturer of ice cream at 163 Jackson street, says: "My trouble set in with a soreness and stiffness over my whole body; my appetite was poor and I was annoyed a good deal with bloating at the stomach. There was a urinary difficulty and I felt generally used up. I tried two or three different remedies, but they did not do me the least good. Having heard Doan's Kidney Pills so highly spoken of I purchased a box at the W. & W. Pharmacy. I did not take over half of it before I was entirely free from any trouble, my appetite was good, and my old time vigor restored. I recommended them to many of my friends among them P. J. Green, V. S., and they all speak of them in the highest terms."

Sold for 50 cents a box by all dealers. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other. Sold by W. & W. Pharmacy.

I was prescribed by physicians with no noticeable results. A friend gave me a part of a bottle of Chamberlain's Cough Remedy with instructions to closely follow the directions and I wish to state that after the first day I could notice a decided change for the better, and at this time after using it for two weeks have no hesitation in saying I realize that I am entirely cured. ## BOARD OF PUBLIC SERVICE

Reappoints City Engineer Leith—Other Matters Receive Attention.

The afternoon session of the board of public service yesterday began with the appointing of a city engineer. H. H. Leith was re-elected for one year at a salary of \$1,200 per year. Bond, \$2,000. His whole time is not to be devoted to the city, however.

Bids on sewer on Highland avenue were opened. They were from O. R. Hines, Cleveland; E. H. Riggs, Wellsville, and Reinhardt Bros., East Liverpool. No award was made.

William T. Green was elected city building janitor at a salary of \$45 per month. Bond, \$200.

All the bonds given by the newly elected officers are to be surety bonds.

The contract between the Wellsville Light & Power company and the city of Wellsville was received and placed on file with other paper of later action. The election of a poor director was passed over. It was reported to have the city engineer, superintendent and the supervisor of highways report the number of men needed and the probable amount of money needed.

The board of public service resumed their meeting at 9 o'clock this morning in the water works office. The bids for sewer on Highland avenue were read and Engineer Leith was ordered to bring in an estimate. After consideration, Engineer Leith decided that all bids were too high and on his advice all were rejected. Engineer Leith was of the opinion that if the sewer was held back until the excavating for the paved street was under way the sewer would be put in at less cost. A budget was made out to be presented to council at the meeting tonight, which consisted of the bills of H. A. Horbert and P. H. White & Son for supplies.

The bond of the city auditor for \$6,000, was approved, and the office will be turned over to him tomorrow. The matter of the appointment of a street inspector was held over until tomorrow.

Dr. S. K. Hutchison, the present poor director, was instructed to hold his office until the next meeting.

## Kerr Loses an Eye.

Conductor Thomas Kerr arrived in town yesterday afternoon from Mercy hospital, where he has been confined for several weeks. Mr. Kerr was struck in the eye with a beer bottle by a boy named Cain, of Empire, about six weeks ago. Cain was raising a disturbance. Mr. Kerr interfered and, at first the injury was thought only a trifle, but in a week or so after it happened Mr. Kerr had to be taken to the hospital, where he lingered between life and death for about a week. He is now on the high road to recovery, but the sight of one eye was completely destroyed.

## "WILFUL WASTE"

MAKES WOEFUL WANT.

That old eyepain maxim finds its most forceful application in the waste of vitality, which is called "burning the candle at both ends." A woman is often tempted beyond her strength by domestic or social demands. Some day she awakens from this waste of strength to the woeful want of it. She has become weak, nervous and miserable.

For weak, nervous, run-down women, there is no better tonic and nerve tonic than Dr. Pierce's Favorite Prescription. It restores the appetite, quiets the nerves and gives refreshing sleep. It cures local diseases peculiarly womanly which undermine the general health. It makes weak women strong, sick women well.

"No doubt you have forgotten me but after you read my letter you will remember me," writes Mrs. Annie E. Moore of 2515 Avenue S. W., Bismarck, Va. "In the year 1900, I wrote to you for advice, which you gave me free of charge. When I wrote to you a week, I could not walk straight for pains in my abdomen. I could not sit down, lie down, or get any exercise. I had what was called the 'wax' doctor here, but did not get any better until I went through a course of your medicine. I took eight bottles each of 'Favorite Prescription' and 'Golden Medical Discovery' and ten bottles of the 'Pleasant Pellets.' I tell you the medicine made a cure of me."

Weak and sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is held strictly private. Address: Dr. R. V. Pierce, Buffalo, N. Y. Dr. Pierce's Pellets cure biliousness.

The city of Wellsville. The book will contain biographical sketches, cuts of pictures of the city officials, ministers, churches, manufacturing concerns, schools, private dwellings, city buildings and principle business blocks, choirs and professional men. The book will also contain a complete directory of the city. Mr. Geffs is a man of considerable newspaper experience and is a first writer of ability. As this is the first thing of its kind ever published in the city, it will no doubt be heartily received by the citizens. Mr. Geffs proposes to name his book "Wellsville in Black and White," and will have it completed by June 1.

Friends rushed into the burning building and carried them out. The loss is estimated at \$25,000, with partial insurance.

## One Thousand to Quit.

Cleveland, May 5.—One thousand working men will quit work because of the refusal of employers to grant their demands of an increase from \$2 to \$2.40 or an eight-hour day. Time and a half and double time for Sunday work was also demanded. The strike will probably throw one or two thousand other men out of work because of lack of material to work on.

## Three Killed in Collision.

One of these probably fatally. The collision took place on a curve about a half mile east of the Mayville station and but for the prompt action of Engineer Kelly, of this city, in setting the airbrakes of the west bound train the two would probably have telescoped and the calamity been much greater. The dead: Fireman Albert J. H. Osmond, Saginaw; Ragsamen Gus Plager, Port Huron, and Mail Agent Frank P. Peck, Saginaw.

## CROWDS IN COLORADO

Welcome President Roosevelt on His Trans-Continental Tour.

## HEARTY GREETINGS EVERYWHERE

Citizens of Colorado Springs Listen to a Short Address—Pueblo People

Listen to Brief Speech—Journey Continued.

Colorado Springs, Colo., May 5.—Twenty thousand people welcomed President Roosevelt when the special train bearing the presidential party arrived from Denver. The president was received by Mayor Harris, a reception committee of 200 citizens, the staff of Governor Peabody, two companies of the Colorado national guard and a long line of uniformed men extending from the Rio Grande station to the Antlers hotel and forming an avenue through which the reception committee escorted the president to the Antlers hotel, two blocks distant, where the president addressed a great audience. The president spoke briefly upon the responsibilities of citizenship. Following the address the colored citizens presented to the president a silver medal in the form of a square plate, with the inscription, "To the president, president of the people, a friend to the friendless."

The president thanked the committee of colored citizens and said: "The only thing to do is to do the square thing," and then Rev. Gladden expressed the thanks of the colored residents for the stand the president took on the race question.

Until 5:15 o'clock the president was given a ride through the city, escorted by former rough riders and the reception committee. He was constantly cheered. At 5:15 o'clock, to the music of bands playing "Auld Lang Syne," the special train pulled out of the station for the south.

## President at Pueblo.

Pueblo, Colo., May 5.—Siren whistles of steel works and smelters sounded a deafening good-bye to President Roosevelt as his train sped away to the south and west, after a remarkable welcome to him by a hundred thousand people of the Arkansas valley. His special train arrived at the Mineral Palace park on the Denver and Rio Grande railroad 10 minutes ahead of time. A military escort accompanied the carriages to a decorated platform that had been built in front of the palace. Here the president spoke about 15 minutes to an enormous crowd. The last portion of the address was especially earnest, expressing his trust in the ability of the people of this republic to overcome the difficulties and problems that arise, not by genius or brilliant gifts, but by the exercise of plain and practical common sense and an insistence upon genuine liberty and fair play for each individual.

On the way down town the long procession passed at the beautifully decorated Centennial school building, where the president addressed several thousand pupils of the public schools.

The rest of the way to the Union depot was a mile of cheering crowds. At the station the president and the officials with him reviewed the military portion of the parade, and then he boarded his train with a smiling adieu and a hearty "Good luck to you."

Continued from First Page.

enough to know him intimately that he is the man for the place. Mr. Rose is one of East Liverpool's best and most enterprising business men. He is a self-made man in all that the term implies. Beginning his career under the most trying circumstances, and with nothing to encourage him except his natural Yankee grit and a firm determination to win his way, he has now attained a position at the very head of the commercial interests of this city. If elected to the position of commander of the Ohio division, the office will be conducted in a business-like manner, and he will give it the same thorough attention that is devoted to his own business. The order will prosper as it has never done before under the care and thorough guidance of good business men.

Camp No. 3 will have 17 votes in the coming encampment, including the past captains who are entitled to a vote in the body. The rank and file will be represented by at least 15 members, so that the interests of the local candidate will be well taken care of. The majority of the members will leave the city by boat next Saturday night, arriving at their destination some time Sunday night. Headquarters have already been secured for the East Liverpool delegates at the Hotel Norwood at Marietta, and it is proposed to make things exceedingly lively during the encampment.

## REALM OF SPORTS

JAMESTOWN TEAM  
READY FOR PLAY

And Will Give a Great Exhibition  
of the Sport at West End  
Park This Week.

## ORGANIZED IN THIS CITY

Organized in This City By Attorney  
Ralph E. Russell, Who Thinks the  
Team Stronger Than Ever Before.  
A Sketch of Each Player.

The independent professionals of Jamestown, N. Y., have organized in this city. The owner of the team, Attorney Ralph E. Russell, arrived in the city on Saturday, accompanied by several of the players and at noon today the full complement had put in appearance and signed for the season.

Mr. Russell states that the team will branch out this season with brighter prospects than ever before. He was at the head of the organization last season and though he had a very good bunch they were not to be compared with those signed this year. He has chosen them from all parts of the country and knowing their past records is not afraid to vouch for them. One of them, who travels under a fictitious name, is known to be one of the fastest basemen of the day. He started this season with a league team and though he was receiving \$1,000, had a dispute, and threw up the job for the team of his boyhood choice. He will be in the game this week with the locals and will no doubt give a real exhibition of the sport.

Last season the Jamestown team played 114 games, winning 70 of them, a record to be proud of and one seldom beaten. When they played in this city and across the river there were but four of the regular team remaining, five of the best players having gone home.

The team will play a practice game in the West End park this afternoon with Manager Ashbaugh's Athletics. No admission will be charged, as both teams will play simply for the practice. Yesterday afternoon the foreign club had its first work out and the manager, Jimmie Green, expressed himself as being well satisfied with the showing made by the team. They are to play three games with the locals this week, on Thursday, Friday and Saturday afternoon. Their first game, however, will be with Rochester, when the season is opened on Wednesday in the latter city. The lineup that will face the Y. M. C. A. boys on Thursday afternoon is as follows: Violet, right; Hopper, middle; Carroll, first; Reid, left; Breen, second; Krueger, third; McClintock, short; Hawkins, catcher; Bennett or Whisner, pitcher.

Reddie Violet is well known locally. He has played here upon several occasions and was always at the top. He played last year with Wheeling and was once one of the best in the International league, being conceded as the leader in base running.

Hopper hails from Pittsburgh. He made his debut with Ashtabula, where he played for three consecutive seasons. Buffalo fans have also witnessed his stunts. He can cover as much ground as Little Billy McNut, and that is saying considerable.

It is hard to say enough for Carroll, the first baseman. His home is in Utica, N. Y., and while with the New York State league he made a record that will keep him on the diamond for years to come. There are indeed few followers of the game that have had the opportunities that he has had and few who have as bright prospects.

Billy Reid, a Geneva, O., lad, made himself famous with the Montana State league. The westerners thought him as fast as they make them, and were very much disappointed when he wrote them that he had decided to play this season in the east.

Jimmie Green is not only of the kind that nabs everything in sight on second base, but as a manager he has made a reputation. He managed successfully teams at Columbus, of the Western league; Burlington, Ill., and Charleston, W. Va. Jamestown is jubilant over his consent to take charge of them.

Hugo (Dutch) Krueger is from Cleveland. He is a promising youth and Manager Breen thinks favorably of him. He played a nice game with Birmingham last year and if he does as well this season he will have no difficulty in making good.

Albert McClintock has been in the game for several years and has never played anything else but a good game. This season he was in a few games with Utica, and it was only by hard pressure being brought to bear that they released him.

Hawkins is also from the lake regions, Cleveland being his native city. He caught last year for the Cleveland White club and was considered the fastest of the bunch. He is not burdened with years and has a promise of faster company in the near future.

Pitcher Bennett, of Bellaire, was the fastest twirler on the Wheeling team last year and Big George Waisner, of Sunbury, has only commenced his life in the base ball world. They are both warm members, and will make the local aggregation hump this week.

A REVOLUTION  
IN FOOTBALL RULES

If the Intercollegiate Committee Carries Out a Regulation Now Under Consideration.

American college foot ball bids fair to be revolutionized next fall if the intercollegiate foot ball rules committee carries into effect a regulation which it now has under consideration. This rules provides for nothing less than that the ball has to pass through the hands of only two men before being regarded as in place. At present, it is necessary to go through the hands of three men.

By the proposed rule the center can snap the ball to any man on the team, who may then rush with it. It will be possible, therefore, for the quarterback to carry the ball, an important innovation, and because of the fact that any man may take the pigskin without the quarterback's previous assistance all sorts of puzzling combinations will be feasible.

Indeed, in the opinion of experts, foot ball under these conditions would be almost an entirely new game, for the first question, at least and would resolve itself largely into a question of "who's got the ball?"

With this regulation in effect the present evils of mass play, which have aroused such opposition, would, it is believed largely be done away with and a more open and less dangerous style of play come into effect.

## SPORTING MISCELLANY.

James Slagle, who is playing sensational base ball at Chicago, comes from Worthville, near Kittanning, Pa.

Amos Rustie, the former New York pitcher, has signed with the Vincennes (Ind.) team as first baseman and pitcher.

Benny Yanger received a well-earned decision over Kid Broad after 29 rounds of hard fighting at the auditorium at Louisville.

In the opinion of Jim Corbett, Terry McGovern, despite his defeat by Young Corbett, is still the best 122-pound boxer in the country.

Each player on the Phillies received a check for \$50 from the management for winning four of the five games from "Connie" Mack's champions.

John H. Wallace, who died in New York aged 81, was a great admirer of fast horses and the founder of Wallace's year book. He gave much to educational institutions, Washington & Jefferson college receiving about \$100,000. He was born in Washington county, Pa.

BE IT REMEMBERED that any of the foregoing lots having residences upon them or not are upon streets already graded, paved roadways of brick, sidewalks, sewerage, sanitary and storm sewers; gas and water mains; the houses mostly contain hot and cold water, bath, w. c. and wash stand, and all contain gas and city water; have good cellars; slate roof; are of good material and construction; well painted inside and out and grained; porches, walks, pantries, and in a word they are up-to-date and none of them over 3 years old, and are within one minute of street cars. Nearly every lot lies practically level. Figure the cost of these houses at today's prices, add to this the cost of the water line, gas line, paving and grading of streets (all of which are without of further cost to the purchaser either in taxes or otherwise) and determine how very little you will have to pay for the lot; also figure the cost of the improvements and deduct from selling price of the lots and see how very low in price they are. Your deductions will be sure to interest you.

### TRIP TO WORLD'S FAIR OR \$200 IN COLD CASH

The Prize Which a Popular Restaurant Proposes to Give Some Lucky Customer.

A free trip to the St. Louis Exposition is the latest move in the business world, and T. O. Carman, one of the city's most enterprising young business men, is responsible for the origin of the plan. He proposes to send some citizen of East Liverpool to the fair, paying all expenses of the trip, and furnishing every cent required to obtain admittance to and secure the enjoyment of the hundreds of interesting and instructive features of the big show.

Mr. Carman's plan is a novel one, and will undoubtedly become popular at once. He is the manager and proprietor of the "Office" bar and cafe, by far the most popular and best equipped resort in this section of the state. He has always been noted for his business tact and enterprise, and in the present instance is said to have surpassed any previous effort.

The proprietor of the "Office" has issued a coupon ticket which indicates upon its face that the customer has made a purchase to the amount of 5 cents. When the person has invested 25 cents the tickets of smaller denomination are returned to the establishment, and in exchange for them he is given a regularly numbered coupon ticket of the value of 25 cents. These latter tickets are numbered consecutively, and a duplicate is retained by the house. On May 1, 1904, the drawing will take place, and for every purchase of the value of a 25 cent coupon a number will be found in the box. The holder of the ticket corresponding with the number drawn will be entitled to a free trip to the St. Louis fair or \$200 in cash. In order to make it absolutely certain that the prize shall go to some one, the drawing shall be held over again in case the ticket corresponding with the number drawn is not presented at the "Office" within 30 days.

### SETTLED \$1,000 SUIT ON PAYMENT OF \$150

Town Marshal of Washingtonville Compromises an Action for Damages for Arrest.

Lisbon, May 5.—(Special).—The case of Thomas Layden, an infant, by his next friend, Mrs. Maggie Layden, of Salem, versus George Charleton, William Dalrymple and J. D. Smith, all of Washingtonville, which was assigned for trial yesterday, was settled.

The plaintiff sued for \$1,000 damages, making George Charleton, as marshal of Washingtonville, and his sureties, party defendants. Charleton is alleged to have arrested him without cause and kept him in custody for four hours. Charleton denied these allegations, and stated that on March 4, 1901, Layden and a companion, Edwin Cook, of Salem, were in Washingtonville delivering merchandise for their employer, scattered large amounts of paper on the streets in violation of village ordinances. He arrested them and took them before the mayor. He detained the young man only about 15 minutes. He said he offered to make complaint against them in writing as required by law, but that the mayor disregarded his authority as an officer, and ordered the boy's release.

A jury awarded Cook \$150 in a similar case, and the circuit court, sustained the verdict. The case was settled by the payment of \$150 by the defendant. Charleton is execution proof, but refused to allow his sureties to suffer and will pay the amount himself.

### Address on Negro Problem.

New York, May 5.—An address on "The Negro Problem of Today" was given by the Rev. Dr. William H. Weaver, of Baltimore, at the meeting of the Presbyterian Ministers' association, and a member of the Presbyterian board of missions of freedom. He advocated a policy different from that of Booker T. Washington, saying he believed that general Christian education is the great need of the negro today and not "industrial" education. That there are so many negro criminals in large cities, he said, is due in great part to the fact that people of the race are forced to live in the worst part of the cities.

### Emperor Inquires About Roosevelt.

Rome, May 5.—Emperor William received in private and separate audience the members of the diplomatic corps in order of seniority. Ambassador Meyer was fourth in the list. The conversation between him and his majesty lasted for some time and was quite confidential. His majesty inquired regarding Mr. Roosevelt's health and said he had heard of his arrival at St. Louis. The emperor recalled having met Mr. Meyer at the Kiel regatta last year.

### Timplate Workers in Session.

Anderson, Ind., May 5.—The tinplate workers are in executive session. Nothing is being given out further than the scale will be ready by Thursday. It will not be presented to the manufacturers until the close of the convention. There is a movement on foot to select a permanent meeting place and have the headquarters moved there. Columbus, O., has been suggested as the most centrally located city.

### NO SLATES MADE UP FOR N. B. OF O. P. OFFICES

Continued from First Page.

great improvement was shown from all branches of the trade. Many new locals have organized or reorganized during the year and the membership of the others has been greatly increased.

First Vice President Hutchins read his report when Mr. Hughes had concluded. While it dealt solely with conditions in the east it was none the less interesting, as that section had been the storm center during the year. Mr. Hutchins is too modest to claim all the credit for the great work accomplished among the eastern operators, but it has been largely the result of his efforts. In the east alone almost 1,000 new recruits have been added to the Brotherhood and Mr. Hutchins has reorganized five locals and formed one new one. When the chaotic condition of the eastern men is taken into consideration the accomplishment has not been a small one.

Secretary Duffy had not concluded his report when the time for adjournment arrived and he concluded it this morning. Mr. Duffy's report was complete in every detail and was of great interest to the delegates.

The committee on rules reported yesterday and its recommendations were unanimously adopted. The hours for the session of the convention were fixed at from 9 until 12 in the morning and from 2 until 5 in the afternoon. The delegates will not be permitted to smoke in the convention room while the body is in session. The most important ruling was a time limit for the introduction of resolutions. All of them must be presented before the close of the Wednesday morning session. Any resolutions presented after that time must have the consent of two-thirds of the delegates before they will be considered.

By this ruling the delegates will have a better idea as to how much time they can afford to devote to any one question and will prevent the sessions continuing unnecessarily.

Thomas J. Duffy completed his report as secretary at the session this morning. This was followed by his report as a delegate from the N. B. of O. P. to the convention of the A. F. of L. held at New Orleans last night. Duffy was also a delegate to the A. F. of L. convention, submitted his report.

President Hughes then announced the following committees, and the convention adjourned until after dinner so the committees would have time to caucus and consider resolutions:

State of Order—S. M. Moore, Thomas Hodge, John Morgan, John Darrah, H. B. Henderson, John Curly, William Ashbaugh, Davis Driver, R. D. Grainger, Sadie Murray, Mary J. Brandon.

Finance—Ed. Menze, Joseph Cotten, J. C. Madden, R. Webster, Thomas Daugherty, Harry McMaisters, Thomas Collins, William Elders, S. Coventry, Lucy Drabble, Annie McKenna.

Law—Thomas Black, William Cuthbert, C. G. Webster, Frank Gratton, George Richards, J. W. Clark, D. Caterson, P. Walker, Enoch Wootton, Mrs. Park Herbert, Tillie Vocht.

Price List—Bernard Quizey, Frank Huff, U. E. Price, John Morgan, Harry Hailles, P. J. McKenna, Thomas Huston, William Wootton, James Myler, Thomas Harvey.

Appeals and Grievances—A. D. Burford, George Guthrie, Mike Kennel, Walter Crowson, B. Street, S. Burgess, J. Lister, E. N. Croxall, William Falek.

The work devolving upon Secretary Duffy is enormous and he will get the least enjoyment out of the convention. He has been kept constantly at his

desk and works many hours after the sessions are adjourned. His labors will be considerably lightened by the assistance of an assistant secretary, George Martin, of Trenton, who was selected yesterday afternoon.

There has been very little if any change in the sentiment as to the presidency. It is probable that the names of both Harry Hailles and Frank Hutchins will be presented as candidates, but neither of them is expecting the honor. As stated yesterday, Mr. Hutchins will not accept if elected, but Mr. Hailles will serve if it is the will of the delegates. Today he practically endorsed Mr. Duffy as the logical successor of Mr. Hughes.

The race for secretary is not so one-sided. P. J. McKenna has entered the contest with a vim and his friends say he will be the lucky man. They point out his service in this capacity before the position carried with it a salary. He certainly is well qualified and is popular among the delegates. National Treasurer Woods and Frank Gratton each have a strong following.

Among the first resolutions offered were those from the eastern locals, perhaps the most difficult with which the convention will have to deal. The resolution dealing with the uniform scale for the east will occupy a great deal of time and as yet no acceptable solution has been offered. One thing is sure, however, and that is the few who are profiting at the expense of others will be disregarded and the question settled to the best interest of the Brotherhood.

Most of the resolutions will be introduced by reading the text and this will be done for the most part today. There will be very little demand for the two-thirds vote to get a resolution in.

As yet there has not been a candidate for the treasurership mentioned in case John Woods succeeds Duffy as secretary. Owing to the unanimity of the choice for president it is not an easy matter to fix up a slate and so far as can be learned there is none. It is not likely that there will be any change among the vice presidents. Major Adams, Harry Hailles, Sheldon Moore, Frank Hutchins and others will be reelected from present appearances without opposition.

President Hughes, Secretary Duffy, Treasurer Woods, First Vice President Hutchins and a number of others were at the Court theater last night to see "The Little Princess."

Walter J. McKenna, of Peoria, arrived safely and is taking a prominent part in the affairs of the convention.

Two of the leading candidates in the News Review's popularity contest are conspicuous among the delegates. They are Thomas Neal, of East Liverpool, and Walter Crowson, of Sebring, and both are looking after stray coupons.

Will Ashbaugh is uneasy during the afternoon sessions because of the Central league ball games on the island. He can't be happy at anything else while a game is going on.

George Heister, formerly art decorator at the National and now holding a similar position with the Warwick China company, has been looking up old friends among the delegates.

Five Laundries Doing Business. Chicago, May 5.—Only five out of the 160 laundries in Chicago were open for business. Thirty-five hundred laundry workers are idle and when the drivers, engineers and firemen are added the total number of persons thrown out of employment will number 5,000.

Duffy the First Choice For President With Race

### THE ORGANIZATION NEVER SO FLOURISHING

BY O. H. BOOTON,  
Staff Correspondent.  
Wheeling, May 5.—There was great rejoicing yesterday afternoon among the N. B. of O. P. delegates when President Hughes, Vice President Hutchins and Secretary Duffy read their annual reports. In every line of these interesting documents were evidences of an unparalleled growth and prosperity.

The membership is now greater than at any time since the organization of the Brotherhood and it is now the belief of the leading delegates that measures will be enacted before the convention adjourns that will wipe out last of the differences now existing between the east and west and closely cement the union of the sections, which is now merely nominal.

President Hughes had a lengthy report to make, his reading occupying an hour of the afternoon session. In his opening address Mr. Hughes did not even mention the fact that he was meeting with the delegates, probably

for the last time. He was deterred no doubt because of the fact that this session was open to all, and many other than the delegates were present. But this afternoon when alone with the men, representing the great organization to which he has dedicated a decade of his allotted years, he spoke feelingly.

His voice grew tremendous when he told of his reluctance in breaking away from the old associations and the sturdy gray figure on the platform touched a pathetic chord among the delegates. Hughes will ever be known as the father of the Brotherhood. His report followed the announcement from the credentials committee that its labors had been completed. There were no contests and all the delegates present were seated. From his report it was learned that the organization has enjoyed the most prosperous era of its existence. Fully 90 per cent of the operatives in the west are now members of the organization and a

## FIRST SESSION OF SERVICE BOARD

Declaration of Intentions Includes  
Determination to Make  
City Clean.

### COL. TAYLOR IS PRESIDENT

The board of public service held its first meeting at a late hour yesterday afternoon in the water works office and organized by electing Colonel John N. Taylor president. The other members of the board are W. L. Smith and Jacob Shenkel.

It being the duty of the board to make several appointments they got down to work in short order and re-appointed the following: Philip Morley, superintendent of the city water works; Edward Cox, assistant superintendent; J. W. Gipeur, clerk of the board of public service, and Frank Dickey, street commissioner, whose position, however, will be known hereafter as superintendent of streets and highways.

The board realized the necessity of much forethought and consideration before taking any definite action in regard to the work that befalls them and aside from talking over some little matters they did practically nothing else and adjourned to meet again this afternoon, when a most important subject will be taken up. A member of the board stated this morning that during the board administration it will hold regularly every week two meetings in the water works office, there being no suitable room in the city building, and the water works office being sufficiently large to accommodate them admirably. Other meetings will also be held, the time being set according to circumstances. It is the intention to make it publicly known that all grievances and complaints must be registered with the clerk and the board will consider them on meeting nights.

While the board is not in a position at present to forecast much of the work that is to be done the members have taken their seats with a determination to better the conditions of the city. They most emphatically expect to have clean streets, alleys and all thoroughfares. Pennsylvania avenue will be remedied, brokenup streets will be repaired and all manner of changes will take place. One of the members has said: "We intend to keep the city scrupulously clean, and it will not be our fault if we fail."

They Will Be Shown Through the  
Laughlin Plant And Given

C. O. Hallett, S. J. Packer and W. Jordan, three of the best known and most popular conductors in the employ of the C. & P. company, were in the city this morning making arrangements for the entertainment of the delegation of conductors that are coming to this city from Pittsburgh on Friday, May 15, to see a pottery city in all its magnitude. The Laughlin China company has consented to take care of the crowd and show them through every department of the East End plant No. 2, which is conceded to be about the finest in the country.

There will be at least 600 men in the crowd of visitors and they will reach the city on a special train composed of 12 coaches at 11 a. m. It is possible that more will come than are now expected, and if so more coaches will be provided. The delegation will be from the convention of railway conductors that holds forth in Pittsburgh all the week. It is expected that 5,000 will attend the convention.

The committee in the city today stated that a program had been mapped out and that it will be the endeavor to carry it out to the letter. Immediately after the arrival of the train the party, under the leadership of members of the Laughlin company's force, will be taken through a portion of the mammoth plant and at noon they will adjourn to the cars, where an elegant luncheon, prepared by Caterer Smith of Chester, will be served.

Well Known Citizen Who Had An Excellent Record As a  
Soldier.

Lisbon, May 5.—(Special).—Major J. L. Straughn, former county coroner, died at his home on North Market street, at 3 o'clock yesterday afternoon, aged nearly 66 years. Death was due to the asthmatic trouble from which he has been a severe sufferer for several years. A slight stroke of paralysis early last November disabled him for a time, and though he recovered to some extent, his health has been gradually failing from that time, and it became apparent a few days ago that he could not get well.

John Lloyd Straughn was born in Salem September 11, 1837. He was a son of Joseph and Jane Straughn. His mother, whose maiden name was Jane Morris, came to this section from Virginia many years ago. Mr. Straughn has lived in Lisbon since 1860, and was in the boot and shoe business at the outbreak of the Civil war. He enlisted and was mustered at Camp Chase, Columbus, May 28, 1862, as Captain of company F, 87th O. V. I. On October 1, of the same year, he was mustered out at Camp Delaware. He re-enlisted in the 145d Ohio National Guard and was mustered in at Camp Delaware as major of the regiment. He was mustered out in September of that year.

Mr. Straughn was united in marriage with Mary E. Miller, of Lisbon, on November 25, 1862, who survives him. Of the four children born to them, two survive, Edward M., of Lisbon, and Robert C., of Rioht, Cal., a son and a daughter having died in infancy. He is also survived by a sister, Mary V. Straughn, of Lisbon.

For many years Mr. Straughn has been well known in the county. On May 9, 1894, he was appointed coroner, and was elected to succeed himself continuously until compelled to resign not long ago on account of his physical infirmities.

Funeral services will be conducted from the house on Thursday afternoon at 1:30, Rev. J. A. Uman, pastor of the M. E. church, of which Mr. Straughn also was a member, officiating. Major Straughn was also a member and past commander of post 138, G. A. R., the members of which will have charge of the funeral.

Crosser are the other members of the board.

## NEW COUNCIL ORGANIZED

All the Members Were Present  
and Took the Oath of  
Office

### AN INFORMAL CONFERENCE

With the City Solicitor on the Powers  
and Privileges of the President of  
Council—Old Committee's Act to Be  
Maintained.

The new council held an informal meeting last night, and the time for the most part was consumed in conferring with City Solicitor George E. Davidson as to the powers and privileges of the city's legislative body. Messrs. Horwell, Barlow, Bullock, Smith, Cannon, Croxall, Johnston and Moon, who compose the new council, were all present and Mayor Weaver administered the oath of office. Harry E. Bullock, of the Second ward, was elected president pro tem and Auditor Davidson was made city clerk.

President Horwell was not in position to make any appointments at the meeting last night, and the matter was deferred for one week, along with a number of other questions with which the new body will be called upon to deal. The meeting then resolved itself into an informal session, in which Solicitor Davidson was the central figure. The latter official gave it as his opinion that the council would have authority to maintain all committees which served under the old arrangement. He thought the many questions which were likely to come up during the year could be handled more conveniently and with less annoyance if there was a standing committee to which to refer it than to be continually appointing special ones. President Horwell will act on the suggestion. It is certain the several committees will not have much work to do, but if anything should demand attention they will be able to take it up at once.

Mayor Weaver informed the council that he was not prepared to furnish a list of his appointments for confirmation at this time, but would be ready by the next meeting.

## PLUMBERS' CONFERENCE BRINGS NO RESULTS

The Matter in Dispute No Nearer  
Agreement Than It Was  
Some Days Ago.

Contrary to expectations the committee of the journeymen plumbers and that of the bosses failed to come to a mutual agreement at the meeting appointed for that purpose yesterday afternoon. Everything went along smoothly until the hour question was raised and the bosses balked when the journeymen refused to concede five hours on the week. The way the matter stands now the bosses are determined against an agreement whereby the journeymen will receive \$4 a day straight for 8 hours and 10 minutes for five days and 7 hours and 10 minutes on Saturday.

There will be a meeting of the bosses tonight and it is expected that some action will be taken that will draw nearer to an end the strike, but what will be done is not known. The journeymen are not able to state when they will hold another meeting.

### Annual Ball at Lisbon.

Lisbon, May 5.—(Special).—Arrangements are being completed for the annual May dance on the Young Men's Lyceum club on Wednesday evening next. It will be given in Smith's hall, instead of the opera house, and will not be confined to members of the club exclusively. The Mahoning orchestra, of Youngstown, has been engaged.

### Dispute Over Rental.

Since 9 o'clock this morning the time of Squire H. P. McCarron has been devoted to the hearing of testimony in the case of the Wade Jewelry company against the C. B. Conson Millinery company. The case is the result of a misunderstanding in regard to the rental of certain store fixtures.

### Licensed to Wed.

Lisbon, May 5.—(Special).—Marriage licenses have been granted to Alphonso E. Stanley and Emma Pearl Kimer, East Liverpool, to be married by Rev. J. W. Gorrell; E. F. Gorrell and Sallie Retter, East Liverpool.

## THIS CITY'S CANDIDATE FOR STATE COMMANDER OF SONS OF VETERANS

John J. Rose Will Go to the Marietta Encampment With Strong Support For  
the Position.

When the East Liverpool delegation goes at Marietta next week to represent General Garfield camp No. 3, Division of Ohio, Sons of Veterans, at the state encampment the members of the order from other sections of the state will certainly be aware of its presence, and will have reason to remember the fact long afterward.

For several months an able and energetic committee from the ranks of the local camp has been hard at work on the candidacy of Past Captain J. J. Rose for the position of division commander. The committee, as expected beyond the expectation of the most enthusiastic member, and Mr. Rose's chances for victory are very bright.

Since 1887, when Mr. Rose joined the local camp, he has been one of the few faithful workers in the interest of his organization, and has the proud distinction of having attended more than 91 per cent of the regular meetings of the camp. For 20 years Camp No. 3 has been the very leader in the Ohio division in many ways. It has never failed to send representation to each of the annual encampments, it

has never been behind with a quarterly report in all these years. Meetings have been held once a week, and, though it rained a tremendous amount of rain on more than one occasion, not a week has passed that he order of business has not been more than thoroughly and properly equipped as an encampment for years. The camp has its own accommodations and the individual members are fitted out with the United States regulation uniforms. The membership of the organization is made up of old soldiers—young men who are a credit to the order and to the community in which they live. In 18 years the camp in East Liverpool has not been honored with the position of commander. In the light of the facts just enumerated, the members of No. 3 have determined to ask and believe they will receive the consideration due them.

In the selection of Mr. Rose as the candidate of the camp the members have made no mistake, and it is the opinion of all who are fortunate

## THE NEW MAYOR'S FIRST HEARING

COACHED BY THE EX-MAYOR HE  
SETTLES DOWN TO WORK.

Barney Williams And a Fighter First  
to Be Fined—Costs  
Are Cheaper.

Mayor Weaver and Chief Wyman were greeted with three affidavits this morning upon their arrival at the city hall, and though it was the chief executive's first tribunal he disposed of the cases with dispatch, and one not knowing would have stated that he was an old hand at the business. Chief Wyman had been there before and it looked natural when he brought in the first victim.

Ex-Mayor Davidson was present and told the new mayor how he must look when he says: "John Doe, you are charged with being drunk and disorderly. How do you wish to plead? Guilty. Well, the sentence of this court is that you pay a fine of \$5 and costs and that you stand committed and be imprisoned in the Stark county workhouse until fine and costs are paid, secured to be paid or otherwise released according to law."

Mayor Weaver was not long in committing the little speech, and when Barney Williams had been arraigned with the above charge against him, he rattled off the song, eliminating \$2 of the fine and the workhouse sentence. Barney's experience as a street fakir helped him wonderfully in offering his plea. He said: "Pat Woods asked me if I would like to take a ride. I got drunk on 20 cents, the last money I had. If you will let me go, you will never forget it, and I will pay you." His word was taken for the amount and he was discharged.

The next on the carpet was Frank Edwards, employed by Mr. Ford, the contractor. He was found by Officer McDermott fighting with Harry Rastetter. Both were hauled to jail in the patrol wagon. Edwards pleaded guilty and was fined \$3 and costs. He made arrangements for payment. Rastetter pleaded not guilty, saying that he was simply acting the role of peacemaker. He will be given a trial this afternoon. He could not even remember of seeing Edwards flourish a monkey-wrench.

A noticeable change as a result of the new code, one that will meet with the hearty approval of all offenders, is the curtailing of costs. Heretofore a fine of \$1 and costs meant \$5.60. It now means \$4, the chief of police receiving no fee.

## WITH THE WORKMEN IN THE CLAY PLANTS

### TRENTON UNEASY.

Trenton pottery manufacturers are uneasy over the N. B. of O. P. convention, fearing it will make demands they cannot grant. A uniform scale of wages, the manufacturers claim would be thoroughly acceptable to them, inasmuch as it would put all the shops on a more equal basis, which has been the object of the recently organized potters' association of America. But if the list provides for an increase, there, the manufacturers say, they will call a halt. They all unite in saying that the conditions of trade at the present time is worse than it has been for several years and that they will fight every attempt made to increase the men's wages.

England is underselling American-made ware and the importations this year will probably be more than it has ever been. The big jobbers are not buying and the manufacturers do not look for a jump in business until fall.

Charles Howell Cook, in discussing the situation with a True American reporter, said: "The condition of the pottery trade here is anything but favorable. Last year about this time was our business season, while now I have never seen it so dull. People are now buying cheap ware, for good ware is a thing they can do without. I do not know what we could do but for the numerous concerns about the country which are at present giving large orders of ware to distribute among their trade as premiums to advertise some article."

"When I say that this is the worst year for trade I ever have known, I mean it, and I am unable to account for it, unless it is from the unsettled condition of labor and the advance in the price of raw materials."

"England has been cutting into us during the past year, and I believe that more English ware will be imported into this country this year than ever before. Trade in England has been very dull for some time and the result has been that labor has become so cheap that the manufacturers there are underselling us."

Mr. Cook was then asked what he thought of the proposition of the National Brotherhood of Operative Potters to compile a uniform price list for the east. Mr. Cook said: "A uniform price list would be an excellent thing for the potters here, and I think that the manufacturers would assist the Brotherhood officers in putting it in force. If this new list is to provide for an increase in wages, I do not see how we can accept it in the face of the present trade conditions."

### EGYPTIANIZED CLAY.

A discovery which gives promise of affecting the clay industry and its various branches has been made by E. G. Acheson, of Niagara Falls, formerly of Pittsburgh, and the inventor of carbide. While experimenting in crucible manufacture, Mr. Acheson had occasion to search for a clay possessing certain qualities. He experimented with domestic and foreign clays, and wondered why German clays were esteemed superior to American, says the Scientific American. He realized that in some manner Nature had given them different treatment; that something had been mixed with them, possibly through water, that increased their plasticity. He began a series of experiments, and gathered all the information he could in regard to clays.

Among other facts that commanded his attention was the seventh verse of the fifth chapter of Exodus, which reads: "Ye shall no more give the people straw to make brick, as heretofore; let them go and gather straw for themselves." The twelfth verse of the same chapter and book also interested him, for it reads: "So the people were scattered abroad throughout all the land of Egypt to gather stubble instead of straw."

Mr. Acheson secured a quantity of straw, and had it sent to his laboratory. There he boiled it in hot water, and the liquid he obtained was of dark red color. This liquid he used in the treatment of clay, and found that it was excellent for increasing the plasticity. He sought out the principle, and determined that the agent was tannin. He treated other clays with water in which tannin was in solution, and realized that he had found the secret and made a most important discovery.

The name given by Mr. Acheson to clay treated by his process is "Egyptianized clay." He has discovered that it is practicable so to treat clay and other earthy materials as to insure greater strength in the products made therefrom, also to greatly reduce the shrinkage and warping in the process of drying and baking, and also to increase the solubility and the plasticity of the material. By his process, non-plastic clays may be rendered plastic and plastic clays more plastic by treatment with tannin or an agent

### NOVELTIES IN CHINA.

Novel holders for mustard, for horseradish, for catsup and other relishes have covers representing turtles and the quaint heads of fishes, in which the expression is very arch. The place for the tiny ladle is cunningly introduced under a claw or gill. Fish sets showing seaweeds and sprays of coral, star fishes, conchs and other briny suggestions are more apt and beautiful than ever, and as accompaniment come bowls for the dressing, daintily mounted and having fish symbols and marine tokens on cover and handle. Olive sets decorated in floral patterns show tropical leaves and blossoms that burst into fringe about the edges like cactus flowers. These have the small holders to match the dish, some with decorative handles and others of the usual round or oval pattern.

### FREIGHT CONGESTION STILL.

Joseph Mayer, of the Mayer Bros. Pottery company, Beaver Falls, thinks the effect of freight congestion has not entirely disappeared. Trade at this time is not meeting his expectations and he argues, very plausibly, too, that delay in delivery means a corresponding delay in placing orders, and accounts for interruption of trade at his plant from this cause. The outlook for the plant this season, he says, is good.

### ENLARGING CAPACITY.

A new double decorating kiln and a bisque kiln are being added to the plant of the Keystone Pottery company, New Brighton, Pa. This firm entered trade about seven months ago. Manager Rigby said: "Absolute necessity compelled us to increase our facilities to meet the demand."

Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. ## VICTIM OF ASSAULT DIES OF HIS INJURIES

Ex-Judge W. V. B. Crooksey Dies of Wounds Inflicted By Boys at Steubenville.

Steubenville, May 5.—Judge W. V. B. Crooksey died at his home on upper Market street yesterday, after a week of intense suffering from the wounds received April 27, in an altercation with Oscar Albaugh and Layton Johnson, whom he accused of destroying his shade trees.

William Van Buren Crooksey was a son of Jackson and Elizabeth Ann Baker Crooksey, pioneer residents of Harrison county, Ohio, and was born on the farm in Green township February 6, 1819. His parents removed to Germany in 1841, and it was here that he received a good country school education and later was sent to the Normal college at Hopedale, where he completed his college course and was ready for the law. In the meantime the war of the rebellion came on and being an ardent patriot he enlisted under the first three months call in company H, Thirtieth Ohio, recruited at Cadiz. He served this term and then re-enlisted at Germano on January 2, 1862, in company G, 74th O. V. I. for three years as a private soldier. On February 16 he was promoted to corporal, and on August 1, 1863, he was appointed principal musician of the regiment. He was with his regiment until the end of the war, serving with bravery and distinction and was mustered out with his regiment July 10, 1865.

He again took up the study of law and went to Ann Arbor, Michigan, where he completed his law course and was admitted to the Jefferson county bar in 1870. He practiced law in Steubenville and took an active part in Republican politics and was elected to the office of probate judge in 1882, and served faithfully with honor as a trusted county official and was elected to the second term which expired in 1888, and he turned over the affairs in good shape to his successor, Judge J. A. Mansfield. Judge Crooksey resumed his law practice and was still actively engaged in his profession when stricken down within the shadow of his home a week ago.

He married Miss Sarah, daughter of the late Basil Viers, of this city, who survives him at the homestead after a happy companionship of over a quarter of a century. Judge Crooksey was a member of the Christian church, a staunch Republican in politics, and a genial, pleasant gentleman.

Heart Beats Per Minute. Weak Heart

Complicated With Kidney Trouble.

Dr. Miles' Heart Cure Cured Me Permanently.

"Your medicine is worth its weight in gold, and I cannot recommend it too highly for the good it has done me. I was troubled with heart disease complicated with a weak back and kidney complaint for a number of years. Although five of our best doctors waited on me I grew worse instead of better, until at last I seemed to do me any good. I had a rapid pulse varying from 120 to 150 beats per minute, a choking and burning sensation in the wind-pipe, and pain in the heart. At the time I began taking Dr. Miles' New Heart Cure I weighed but 130 pounds. After using the remedies six months I weighed 180 pounds and felt well, and strong and hearty. My nerve, heart and kidney troubles are all gone now and as this cure was performed nearly seven years ago I know that it is permanent."—Edward Knapp, Wilkersonville, Ohio.

"For many years I have been a great sufferer from heart disease. I was subject to faint and sinking spells, with a choking, oppressive or full feeling at the heart, that is difficult to describe. I was unable to attend to my household duties and was thoroughly wretched and miserable. I doctored with some of our best physicians but got no relief until I tried Dr. Miles' Heart Cure and Nervine. I experienced benefit from the first few doses and finally was completely cured."—Mrs. J. M. Holloway, Geneva, Ind. All druggists sell and guarantee first bottle Dr. Miles' Remedies. ## EAST END

## STORE BUILDING BURNED

Kerr Bros., of the East End, Meet With \$5,000 Loss at Shippingport.

Kerr Bros. received intelligence this morning of the total destruction of their store building at Shippingport, by fire early Saturday morning. The building was occupied by Joseph Peiter as a general store and the family of W. J. Hanley. The fire broke out shortly after midnight. The structure was a 9 room building and the fire raged fiercely. The family of Mr. Hanley had a narrow escape from being suffocated by smoke and saved only two trunks of clothing and a dresser. A barn on the rear of the lot containing a large amount of produce was saved through the heroic action of the neighbors who carried water and kept the barn well saturated.

The fire is thought to have originated by rats igniting matches, as it was first discovered away from a coal stove in the rear of the room. The loss is estimated at between \$5,000 and \$6,000 and is covered by insurance to the amount of two-thirds of the loss.

## No More Meetings Until Fall.

Hoyt Court, 1101, Grand Order of the Orient, has discontinued the holding of any more meetings until fall. The popular order has been very successful in acquiring a membership of close to 250 in its short existence. The officers of the lodge, considering the arduous duties of initiating the many political aspirants to the order previous to the elections, believe that they are entitled to a rest. Interest in the order has much interest for the members and the good work will be taken up later on.

## Action on Board Bills.

Action was brought in the court of Justice L. W. Corman by Mrs. Sarah A. Chevalier against Thomas McAfee for board and lodging, the amount claimed being \$12, and another against Harlow McAfee, amounting to \$42, for board, lodging and attendance during illness. The cases were set for hearing last night and on neither of the defendants appearing, judgment in default for the full amount claimed in both cases was entered against the defendants.

## Pastor Will Be Absent.

Jerro Wright will lead the prayer meeting in the Erie street M. E. church during the absence of the pastor, Rev. George W. Orent, who will fill the pulpit at the M. E. church at Wintersville, O., the latter part of this week. The ladies' aid society of the church will hold a business meeting at the church Thursday afternoon, at which much important business will be transacted.

## Annoyed By a Report.

C. O. Weddell is very indignant at the report which has gained circulation in the East End in regard to his being married. Mr. Weddell stated today that the report originated from a man who had a great deal of idle time on his hands. While Mr. Weddell is keeping the company of a very estimable lady of the East End, matrimony is not at present contemplated.

## EAST END AFFAIRS.

Ben Chaffin has fully recovered from an attack of typhoid fever.

The condition of Charles Courtney is reported much worse.

N. J. Orr, who has been ill for some time at his home on Pennsylvania avenue, is recovering and was able to be out yesterday for the first time.

Don't fool with a cold; no one can tell what the end may be. Pneumonia, catarrh, chronic bronchitis and consumption invariably result from neglected colds. Nothing can be compared with Chamberlain's Cough Remedy as a quick cure for colds and influenza, and by its use these diseases may be avoided. For sale by Alvin H. Bulger.

## COSTS NOTHING UNLESS CURED

Hyomei Costs You Nothing if It Fails Says Will Reed.

Among the many medicines upon the market that claim to cure catarrh, none but Hyomei has enough faith in its own merit to be willing to refund the money if it does not cure.

This remarkable remedy for catarrh kills the microbes and the germs of the disease and from its introduction has been sold under a positive guarantee to return the money to all dissatisfied customers. Will Reed sold thousands of Hyomei outfits in the last few years, and have had only two customers ask for a return of the money, which in every instance was promptly and cheerfully returned. They stand ready today to refund the price to anyone who is not helped by Hyomei.

The complete outfit costs \$1.00 and comprises an inhaler, a bottle of Hyomei and a dropper. The inhaler will last a life time and additional bottles of Hyomei can be obtained for 50 cents.

Breathe Hyomei for a few minutes four times a day, and your catarrh will grow better from the first day's use, and will be completely cured in a short time.

Do not try to cure catarrh with ordinary stomach medicines. Breathe the healing Hyomei which goes to every part of the air passages and respiratory organs, killing the catarrh germs and preventing their growth.

It is the only treatment for catarrh where you can get your money back from a local dealer in case it does not help you.

**Railroad Contemplates Improvements.**  
Columbus, O., May 5.—The Cleveland, Lorain and Wheeling Railway company filed two amendments to its charter. ## Caution.

This is not a gentle word—but when you think how liable you are enot to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25c size has just been introduced this year. Regular size, 75c. At all druggists.

This Advice Will Bear Repeating in East Liverpool.

"Don't chase shadows."

Doubtful proof is but a shadow.

You can rely on testimony of people you know.

You can investigate local evidence. Mr. G. H. Garner, the well known manufacturer of ice cream at 163 Jackson street, says: "My trouble set in with a soreness and stiffness over my whole body; my appetite was poor and I was annoyed a good deal with bloating at the stomach. There was a urinary difficulty and I felt generally used up. I tried two or three different remedies, but they did not do me the least good. Having heard Doan's Kidney Pills so highly spoken of I purchased a box at the W. & W. Pharmacy. I did not take over half of it before I was entirely free from any trouble, my appetite was good, and my old time vigor restored. I recommended them to many of my friends among them P. J. Green, V. S., and they all speak of them in the highest terms."

The greater part of the municipal machinery established by the new code has been installed and is now in operation. Speaking in industrial terms, it makes up a fine plant and ought to be equal to all the work expected of it. The mayor has only to make his appointments of members of the board of public safety and other boards established by the new code to cause the last vestige of the old order of things to disappear. But after all, it is not the mere legal machinery upon which the city must depend for good government, but the men in office. Fortunately the offices thus far provided for are well filled. The public has shown its confidence in the men it is empowered to elect by giving its votes for them, and Mayor Weaver is showing a disposition to fill the appointive offices with men deserving of confidence and respect. Especially is the city to be congratulated upon a board of public service composed wholly of business men and capable of genuine service to the public. Never was the outlook better for good government for East Liverpool, and capability and capacity not being lacking, it requires only harmonious and united effort to make this a business administration in the true sense of the word—safe, sound and reliable.

The expressed determination of Chief of Police John Wyman to enforce the laws as he finds them, with

out fear or favor, is one which will commend itself to all good citizens. The city ordinances were made and passed with the expectation that they were to be enforced. If an ordinance is to be enforced it vigorously. There are many ordinances, as every citizen is well aware, to which very little heed has been paid in the past. Chief Wyman proposes to make them operative, and if they work hard on his fault will be the law's and not his. His determination to apply the regulations governing the work of the police force is also highly commendable. The police force is made up of excellent material, and under the efficient direction of Mr. Wyman is quite likely to establish a new record for useful work. Perfection is never possible; reforms are always possible. Success to the man who would effect genuine reform.

If no other amendment to the state constitution is introduced by the people in the coming election, the one conferring upon the governor the veto power should be. Ohio is one of but two states where the governor is denied that power, and the experience of the other states furnish many reasons why Ohio should join the great majority in this matter.

How is it that titled Englishmen are constantly marrying American wives, while titled Englishwomen never marry American husbands? If this thing keeps on, the English aristocracy, in a generation or two, will be able to refer to the United States as "the other country."

The bureau of forestry estimates the forest area of the United States at 700,000,000 acres and adds that if these acres had received intelligent care they would now contain ten times as much available timber as they will yield. Economical conditions will soon force such care.

President Roosevelt says he has faith in the people. The people are showing all the time that they have faith in him, and the mutual confidence is contributing to business stability and continued progress.

Over a ton of begging letters for Mr. Carnegie arrived at London before he did. Such an exhibit of human covetousness is enough to sour even the best intentioned philanthropist.

It is said Carnegie proposes to devote himself to golf for five months. Some men would rather not have a vacation than go through such a program.

Beveridge, of Indiana, wants to be vice president. The Republican party might go further and fare worse.

The Cleveland presidential boom is thus far confined to the columns of one Democratic newspaper.

The powers want peace with Turkey, but it looks as if they might have to fight to get it.

### AT THE THEATER

"Am I My Brother's Keeper?" Since Cain's cry first fell on listening ears, man has faced this problem. He has tried to avoid an affirmative answer. "All I want is to be let alone," cries the millionaire, who has wrung his wealth from a suffering people; blusters the politician, who is covering behind the gains of a corruptible career; whines the criminal pursued by the law.

"Resurrection," the original American production, by Alden Benedict. You cannot live alone in this world. You are your brother's keeper. See "Resurrection." Learn the lesson he teaches. His reasoning may help you over many hard places.

A widely successful Russo-Siberian play was "Michael Strogoff." Now there is a new one, and it is coming this way. "For Her Sake" is the title of the latest of the plays having to do with Russian high life, with the moving sorrows of soricism and the harrowing experiences of life in the Siberian convict mines. "For Her Sake" is credited with possessing an element which its predecessors lacked and which doubtless more than anything else has contributed to its phenomenal success with theatre-goers. It has the comedy element clearly and consistently ingrained in its plot, and it is said to be a high class of comedy. The play will be seen at the Grand Thursday evening, May 7.

The St. Paul Pioneer Press says: "Never has an audience laughed more continually, more convulsively than at the Metropolitan opera house last night. Mr. DuSouchet has admirably realized the all sufficient ideal that laughter is to farce what persuasion is to oratory. Every line of 'My Friend from India' was written to produce a laugh, and every line succeeds. The play enjoyed a longer run in New York than almost any other production of the season." At the Grand tonight.

## BOARD OF PUBLIC SERVICE

Reappoints City Engineer Leith—Other Matters Receive Attention.

The afternoon session of the board of public service yesterday began with the appointing of a city engineer. H. H. Leith was re-elected for one year at a salary of \$1,200 per year. Bond, \$2,000. His whole time is not to be devoted to the city, however.

Bids on sewer on Highland avenue were opened. They were from O. R. Hines, Cleveland; E. H. Riggs, Wellsville, and Reinhardt Bros., East Liverpool. No award was made.

William T. Green was elected city building janitor at a salary of \$45 per month. Bond, \$200.

All the bonds given by the newly elected officers are to be surety bonds.

The contract between the Wellsville Light & Power company and the city of Wellsville was received and placed on file with other paper of later action. The election of a poor director was passed over. It was resolved to have the city engineer, superintendent and the supervisor of highways report the number of men needed and the probable amount of money needed.

The board of public service resumed their meeting at 9 o'clock this morning in the water works office. The bids for sewer on Harlem avenue were read and Engineer Leith was ordered to bring in an estimate. After consideration, Engineer Leith decided that all bids were too high and on his advice all were rejected. Engineer Leith was of the opinion that if the sewer was held back until the excavating for the paved street was under way the sewer would be put in at less cost. A budget was made out to be presented to council at the meeting tonight, which consisted of the bills of H. A. Herbert and P. H. White & Son for supplies.

The bond of the city auditor for \$5,000, was approved, and the office will be turned over to him tomorrow. The matter of the appointment of a street inspector was held over until tomorrow.

Dr. S. K. Hutchison, the present poor director, was instructed to hold his office until the next meeting.

## NEW COUNCIL

Its Members Took the Oath of Office and Organized Last Evening.

The following is the makeup of the new council: A. B. Crubaugh, president; C. V. Shoub, J. A. Joseph, Robert Anderson, James Blissett, E. E. Blackburn, William A. O'Grady and David E. McDonald.

The mayor announced that no appointments had yet been made and that none could be made until after the second Monday in May and before the first Monday in June. Council will meet again this evening and adjourn for one week. At that time the mayor will announce his appointments.

## Kerr Loses an Eye.

Conductor Thomas Kerr arrived in town yesterday afternoon from Mercy hospital, where he has been confined for several weeks. Mr. Kerr was struck in the eye with a beer bottle by a boy named Cain, of Empire, about six weeks ago. Cain was raising a disturbance. Mr. Kerr interfered and, Cain states, was accidentally struck. At first the injury was thought only a trifle, but in a week or so after it happened Mr. Kerr had to be taken to the hospital, where he lingered between life and death for about a week. He is now on the high road to recovery, but the sight of one eye was completely destroyed.

## "WILFUL WASTE"

MAKES WOEFUL WANT.

That old copybook maxim finds its most forcible application in the waste of vitality, which is called "burning the candle at both ends." A woman is often tempted beyond her strength by domestic or social demands. Some day she awakens from this waste of strength to the woeful want of it. She has become weak, nervous and miserable.

For weak, nervous, run-down women, there is no better tonic and nerve than Dr. Pierce's Favorite Prescription. It restores the appetite, quiets the nerves and gives refreshing sleep. It cures local diseases peculiarly womanly which undermine the general health. It makes weak women strong, sick women well.

"No doubt you have forgotten me but after you read my letter you will remember me," writes Mrs. Anna E. Moving, of 28-21 Avenue, S. W., Rossmore, Va. "In the year 1902, I wrote to you for advice which you gave me free of charge. When I wrote to you I was a wreck. I could not walk straight for pains in my abdomen. I could not sit down, lie down, or get any ease at all. I had what was called 'the best doctor here' but did not get any better until I went through a course of your medicine. I took eight bottles each of 'Favorite Prescription' and 'Golden Medical Discovery' and ten bottles of the 'Pleasant Pellets.' I tell you the medicine made a cure of me."

Weak and sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is held strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y. Dr. Pierce's Pellets cure biliousness.

The city of Wellsville. The book will contain biographical sketches, cuts of pictures of the city officials, ministers, churches, manufacturing concerns, schools, private dwellings, city buildings and principle business blocks, chairs and professional men. The book will also contain a complete directory of the city. Mr. Geffs is a man of considerable newspaper experience and is a writer of ability. As this is the first thing of its kind ever published in the city, it will no doubt be heartily received by the citizens. Mr. Geffs proposes to name his book "Wellsville in Black and White," and will have it completed by June 1.

They had gone to the cellar to locate a gas leak and the escaping gas ignited from a lighted lantern which they took with them. Each suffered a broken leg and other injuries. Friends rushed into the burning building and carried them out. The loss is estimated at \$25,000, with partial insurance.

## One Thousand to Quit.

Cleveland, May 5.—One thousand working men will quit work because of the refusal of employers to grant their demands of an increase from \$2 to \$2.40 or an eight-hour day. Time and a half and double time for Sunday work was also demanded. The strike will probably throw one or two thousand other men out of work because of lack of material to work on.

## Three Killed in Collision.

Saginaw, Mich., May 5.—As a result of a head-on collision between Pere Marquette passenger trains at Mayville, 31 miles east of this city, two are dead and seven were severely injured, one of these probably fatally. The collision took place on a curve about a half mile east of the Mayville station and out for the prompt action of Engineer Kelly, of this city, in setting the airbrakes of the west-bound train the two would probably have telescoped and the calamity been much greater. The dead: Fireman Albert J. H. Osmond, Saginaw; Ragsdaleman Gus Plager, Port Huron, and Mail Agent Frank P. Peck, Saginaw.

Charged With Killing Two Husbands. St. Louis, May 5.—A warrant was issued charging Mrs. Minnie Cummings with killing her first husband, E. M. Harris, Oct. 4, 1901. A Workman at the Tin Mill Badly Injured By Hot Metal.

James Koerber, a roller at the tin mill, was badly cut below the knee last night about 11:30. Koerber's catcher, while carelessly passing a pack of iron over the roll, allowed the pack to get beyond his control. The pack of metal struck him on the shin, cutting to the bone.

The wound bled profusely and the man was carried to his home in the mill addition where the wound was dressed. The severe cut which he received will keep him from work for about three weeks.

## CROWDS IN COLORADO

Welcome President Roosevelt on His Trans-Continental Tour.

## HEARTY GREETINGS EVERYWHERE

Citizens of Colorado Springs Listen.

to a Short Address—Pueblo People Listen to Brief Speech—Journey Continued.

Colorado Springs, Colo., May 5.—Twenty thousand people welcomed President Roosevelt when the special train bearing the presidential party arrived from Denver. The president was received by Mayor Harris, a reception committee of 200 citizens, the staff of Governor Peepody, two companies of the Colorado national guard and a long line of uniformed men extending from the Rio Grande station to the Antlers hotel and forming an avenue through which the reception committee escorted the president to the Antlers hotel, two blocks distant, where the president addressed a great audience. The president spoke briefly upon the responsibilities of citizenship. Following the address the colored citizens presented to the president a silver medal in the form of a square plate, with the inscription, "To the president, president of the people, a friend to the friendless."

The president thanked the committee of colored citizens and said: "The only thing to do is to do the square thing," and then Rev. Gladden expressed the thanks of the colored residents for the stand the president took on the race question. Until 5:15 o'clock the president was given a ride through the city, escorted by former rough riders and the reception committee. He was constantly cheered. At 5:15 o'clock, to the music of bands playing "Auld Lang Syne," the special train pulled out of the station for the south.

## President at Pueblo.

Pueblo, Colo., May 5.—Siren whistles of steel works and smelters sounded a deafening good-bye to President Roosevelt as his train sped away to the south and west, after a remarkable welcome to him by a hundred thousand people of the Arkansas valley. His special train arrived at the Mineral Palace park on the Denver and Rio Grande railroad 10 minutes ahead of time. A military escort accompanied the carriages to a decorated platform that had been built in front of the palace. Here the president spoke about 15 minutes to an enormous crowd. The last portion of the address was especially earnest, expressing his trust in the ability of the people of this republic to overcome the difficulties and problems that arise, not by genius or brilliant gifts, but by the exercise of plain and practical common sense and an insistence upon genuine liberty and fair play for each individual.

On the way down town the long procession paused at the beautifully decorated Centennial school building, where the president addressed several thousand pupils of the public schools.

The rest of the way to the Union depot was a nife of cheering crowds. At the station the president and the officials with him reviewed the military portion of the parade, and then he boarded his train with a smiling adieu and a hearty "Good luck to you."

## THIS CITY'S CANDIDATE FOR STATE COMMANDER OF SONS OF VETERANS

Continued from First Page.

enough to know him intimately that he is the man for the place. Mr. Rose is one of East Liverpool's best and most enterprising business men. He is a self-made man in all that the term implies. Beginning his career under the most trying circumstances, and with nothing to encourage him except his natural Yankee grit and a firm determination to win his way, he has now attained a position at the very head of the commercial interests of this city. If elected to the position of commander of the Ohio division, the office will be conducted in a business-like manner, and he will give it the same thorough attention that is devoted to his own business. The order will prosper as it has never done before under the care and thorough guidance of good business men.

Camp No. 3 will have 17 votes in the coming encampment, including the past captains who are entitled to a vote in the body. The rank and file will be represented by at least 15 members, so that the interests of the local candidate will be well taken care of. The majority of the members will leave the city by boat next Saturday night, arriving at their destination some time Sunday night. Headquarters have already been secured for the East Liverpool delegates at the Hotel Norwood at Marietta, and it is proposed to make things exceedingly lively during the encampment.

JAMESTOWN TEAM  
READY FOR PLAY

And Will Give a Great Exhibition  
of the Sport at West End

## ORGANIZED IN THIS CITY

Organized in This City By Attorney  
Ralph E. Russell, Who Thinks the  
Team Stronger Than Ever Before.  
A Sketch of Each Player.

The independent professionals of Jamestown, N. Y., have organized in this city. The owner of the team, Attorney Ralph E. Russell, arrived in the city on Saturday, accompanied by several of the players and at noon today the full complement had put in appearance and signed for the season.

Mr. Russell states that the team will branch out this season with brighter prospects than ever before. He was at the head of the organization last season and though he had a very good bunch they were not to be compared with those signed this year. He has chosen them from all parts of the country and knowing their past records is not afraid to vouch for them. One of them, who travels under a fictitious name, is known to be one of the fastest basemen of the day. He started this season with a league team and though he was receiving \$1,000, had a dispute, and threw up the job for the team of his boyhood choice. He will be in the game this week with the locals and will no doubt give a real exhibition of the sport.

Last season the Jamestown team played 114 games, winning 70 of them, a record to be proud of and one seldom beaten. When they played in this city and across the river there were but four of the regular team remaining, five of the best players having gone home.

The team will play a practice game in the West End park this afternoon with Manager Ashbaugh's Athletics. No admission will be charged, as both teams will play simply for the practice. Yesterday afternoon the foreign club had its first work out and the manager, Jimmie Breen, expressed himself as being well satisfied with the showing made by the team. They are to play three games with the locals this week, on Thursday, Friday and Saturday afternoon. Their first game, however, will be with Rochester, when the season is opened on Wednesday in the latter city. The lineup that will face the Y. M. C. A. boys on Thursday afternoon is as follows: Violet, right; Hopper, middle; Carroll, first; Reid, left; Breen, second; Krueger, third; McClintock, short; Hawkins, catcher; Bennett or Whisner, pitcher.

Reddie Violet is well known locally. He has played here upon several occasions and was always at the top. He played last year with Wheeling and was once one of the best in the International league, being conceded as the leader in base running.

Hopper hails from Pittsburg. He made his debut with Ashtabula, where he played for three consecutive seasons. Buffalo fans have also witnessed his stunts. He can cover as much ground as Little Billy McNut, and that is saying considerable.

It is hard to say enough for Carroll, the first baseman. His home is in Utica, N. Y., and while with the New York State league he made a record that will keep him on the diamond for years to come. There are indeed few followers of the game that have had the opportunities that he has had and few who have as bright prospects.

Billy Reid, a Geneva, O., lad, made himself famous with the Montana State league. The westerners thought him as fast as they make them, and were very much disappointed when he wrote them that he had decided to play this season in the east.

Jimmie Breen is not only of the kind that nabs everything in sight on second base, but as a manager he has made a reputation. He managed successfully teams at Columbus, of the Western league; Burlington, Ill., and Charleston, W. Va. Jamestown is jubilant over his consent to take charge of them.

Hugo (Dutch) Kreuger is from Cleveland. He is a promising young man and Manager Breen thinks favorably of him. He played a nice game with Birmingham last year and if he does as well this season he will have no difficulty in making good.

Albert McClintock has been in the game for several years and has never played anything else but a good game. This season he was in a few games with Utica, and it was only by hard pressure being brought to bear that they released him.

Hawkins is also from the lake regions, Cleveland being his native city. He caught last year for the Cleveland White club and was considered the fastest of the bunch. He is not burdened with years and has a promise of faster company in the near future.

Pitcher Bennett, of Bellaire, was the fastest twirler on the Wheeling team last year and Big George Walsner, of Sunbury, has only commenced his life in the base ball world. They are both warm members, and will make the local aggregation hump this week.

A REVOLUTION  
IN FOOTBALL RULES

If the Intercollegiate Committee Carries Out a Regulation Now Under Consideration.

American college foot ball bids fair to be revolutionized next fall if the intercollegiate foot ball rules committee carries into effect a regulation which it now has under consideration. This rules provides for nothing less than that the ball has to pass through the hands of only two men before being regarded as in place. At present, it is necessary to go through the hands of three men.

By the proposed rule the center can snap the ball to any man on the team, who may then rush with it. It will be possible, therefore, for the quarterback to carry the ball, an important innovation, and because of the fact that any man may take the pigskin without the quarterback's previous assistance all sorts of puzzling combinations will be feasible.

Indeed, in the opinion of experts, foot ball under these conditions would be almost an entirely new game, for the first question, at least and would resolve itself largely into a question of "who's got the ball?"

With this regulation in effect the present evils of mass play, which have aroused such opposition, would, it is believed largely be done away with and a more open and less dangerous style of play come into effect.

## SPORTING MISCELLANY.

James Stagle, who is playing sensational base ball at Chicago, comes from Worthville, near Kittanning, Pa.

Amos Rusie, the former New York pitcher, has signed with the Vincennes (Ind.) team as first baseman and pitcher.

Benny Yanger received a well-earned decision over Kid Broad after 20 rounds of hard fighting at the auditorium at Louisville.

In the opinion of Jim Corbett, Terry McGovern, despite his defeat by Young Corbett, is still the best 122-pound boxer in the country.

Each player on the Phillies received a check for \$50 from the management for winning four of the five games from "Connie" Mack's champions.

John H. Wallace, who died in New York aged 81, was a great admirer of fast horses and the founder of Wallace's year book. He gave much to educational institutions, Washington & Jefferson college receiving about \$100,000. He was born in Washington county, Pa.

Mr. H. K. Mitchell, of New Philadelphia, O., speaks of Life Plant in the following emphatic language:

Life Plant is a wonder. We have used it in our family for nearly a year and find it to be all that is claimed for it in giving tone and vigor to the system. It certainly cures rheumatic trouble. In fact I believe it will cure any disease that is reached through the blood.

We guarantee the genuineness of every TESTIMONIAL. The above was indeed a remarkable cure, but it was simple and easy when the proper method was followed. It is a notable fact in science, that disease germs can not exist in pure matter. There must be some impurity else they die. You might arrest a disease by local application and take some poisons far to disease germs, but you cannot hope for a cure by that system of treatment. You must get at the cause. Impure blood is the cause of practically ALL diseases. To cure any disease you must by some means purify the BLOOD. Scrofula, Salt Rheum, Rheumatism, Eczema, Hives, Tetters, Catarrh and Asthma, are the most familiar forms of blood diseases. Life Plant purifies the BLOOD. It renews LIFE. It restores the vital element in the BLOOD. That is why it cures diseases, and prevents disease. It is nature's way. It's the common sense way. Try it NOW. DELAY IS DANGEROUS.

## SHOT BY AN ASSASSIN

Hon. James B. Marcum Killed at Court House in Jackson, Ky.

### THE MURDERER WAS RECOGNIZED

But No One Has Courage to Name Him—Victim Regarded as "Marked Man." Owing to Political Practices. Was Prominent Attorney.

Jackson, Ky., May 5.—Just after he had finished filing papers reopening the contested election cases of Breathitt county Hon. James B. Marcum was shot and killed by an unknown assassin. He fell in the front entrance to the court house and never spoke, death being almost instantaneous. He fell within a few yards of where Town Marshal James Cockrell was shot down in July, the assassin being stationed in the court house in each instance. Marcum was counsel for the Fusionists, who are contesting for the office of county judge, sheriff and other places now held by the Democrats. As a result of his efforts and his sympathy with the Cockrell faction in the Hargis-Cockrell feud he had for a year been generally regarded as a "marked man."

Various plots to assassinate him have been reported and sworn to in affidavits. For 72 days last fall he was a prisoner in his own home, daring not even to go out on his porch. Despite warnings, Marcum felt safe in resuming his interrupted practice some time ago and felt secure in filing a motion to reopen the election cases which had imperiled his life months before.

In the morning he went to the court house and the papers were filed. He walked to the front door of the court house and engaged in conversation with Ben Ewing, a friend. The corridor stretching out to his back was full of men. They had been talking about three minutes when a shot rang out in the rear of the corridor. Marcum staggered and as he sank to the floor another shot was fired. The first bullet entered the back to the right of the spinal column, and passing through the breast and body, struck the door facing him. The next shot passed through the top of his head and was aimed as he reeled. The shots appeared to come from a doorway or possibly from behind a door in the corridor.

County Judge Harris states that the assassin is still unknown, after a diligent search, and no arrests have as yet been made, even on suspicion. Marcum's body lay for 10 minutes untouched. Even his friends feared to approach the place. The body was finally picked up by friends and carried to a drug store opposite and from there taken home.

It is generally believed that the assassin was recognized by some people, but no one has thus far had the courage to name him. Marcum was a trustee of the Kentucky State college, was United States commissioner of his district and representing the Lexington and Eastern railroad and other large corporations. He has practiced law in Breathitt county for 17 years. He had avoided feuds and until he took charge of the election cases which involved the Hargis faction had been a friend of members of both factions. The funeral will take place in Mount Sterling, probably Wednesday.

### Syndicate Buys Land.

St. Johns, N. F., May 5.—A syndicate of American and Canadian capitalists, headed by Henry Melville Whitney, of Boston, has purchased 2,000,000 acres of timber pulp lands in Newfoundland and intends to undertake development on a large scale. The syndicate paid over \$1,000,000 for its properties and expects to establish one of the largest enterprises in the eastern provinces.

## OUTLAW GENERAL DIES GAME

San Miguel's Forces Routed by Philippine Scouts and Leader Killed.

Washington, May 5.—Unofficial reports received at the war department give additional details of the campaign which resulted in the death of "General" San Miguel and the utter rout of his band of outlaws. The scouts located the band about half way between Calocan and Marikina, in a strongly fortified corral and blockhouse built by the Spaniards many years ago, and so well concealed by jungle that it had escaped discovery.

Lieutenants Nickerson and Reese and their men made a gallant attack on this stronghold. The scouts charged over the wall and engaged the enemy in a hand-to-hand combat, driving them into the fort. In this assault Lieutenant Reese was shot through the thigh just below the groin.

San Miguel, with a bodyguard of about 30 men, undertook to slip through the line, but being discovered, put up a plucky running fight. Lieutenant Nickerson with 15 men attacked San Miguel's party, but withheld their fire until within short range, when they put three bullets through San Miguel's body. San Miguel died gamely, shooting while being on the ground wounded. Six of his bodyguards were killed. The remainder escaped in the dense jungle.

The Americans lost three killed and 10 wounded, including Lieutenant Reese. The enemy lost 40 dead that were counted and the jungle concealed other killed and wounded. No prisoners were taken. Many valuable papers were found on the bodies of the dead and were said to contain evidence against several prominent officials in the province.

## NO EVIDENCE AGAINST WALSER

Inquest Over Remains of Murdered Woman May Develop Some Clue.

Lorain, O., May 5.—"If Father Walsen was to have his preliminary hearing right here in my office now and I had to use the evidence I now possess against the man, in my judgment I think I should 'let him go,'" was the remark made by Mayor King, when asked what he thought of Father Walsen's guilt.

Coroner French, Chief Braman and Prosecutor Stroup held a like view. Mr. Stroup had some criticism to offer to the relatives of the murdered girl for their criticism of the authorities. "It is well known," said he, "that the law holds a county liable for any harm that may come to a person at the hands of a mob, hence our action in placing Father Walsen under arrest was perfectly justifiable, even if his guilt cannot be proven."

The inquest over the remains of Miss Reichlin will be held in the grand jury room at the city court house at 10 a. m., and it is probable the hearing to be given Father Walsen will follow the inquest. Father Walsen will be a witness at the inquest.

## SECREATION SYSTEM WRONG

Physician Reports on Condition of Leper Colony at Molokai—Hospital on Oahu.

Honolulu, May 5.—The legislative committee which visited the leper settlement has made its report, submitting with its own findings a lengthy and sensational statement made by Dr. A. L. Alvarez, a physician who went to Molokai with the committee as an expert.

The doctor very severely criticized Hawaii's system of segregation and makes the statement that out of 21 supposed lepers examined by him some time ago 16 were entirely free from the disease and should be at liberty. The segregation system, the report says, leads those who have leprosy and their relatives to conceal the fact in order that they may escape being sent to Molokai. Dr. Alvarez approves the system of segregation in vogue in Norway.

The executive committee recommends the establishment of a large hospital on the island of Oahu and the employment of Dr. Alvarez as physician in charge.

American Medical Association. New Orleans, May 5.—The American Medical association has begun a number of its sessions. The medical editors discussed various topics, objected to postal discriminations and held the opening banquet. The association of medical colleges censured the Milwaukee medical association college and discussed methods for the elevation of the collegiate standard. The associated state boards of examiners favored a uniform collegiate standard and adopted a definition for practitioners to be incorporated into state laws. Surgeon General Wyman, Dr. Lorenz and other notables are here.

Accidentally Shot Himself. Lexington, Ky., May 5.—Walter S. Bronston, aged 31, city solicitor and prominent in politics in Kentucky, accidentally shot and killed himself. He was packing a grip and in transferring a revolver to the grip the pistol fell and was discharged, the bullet entering Bronston's stomach.

Carnegie's Offer Refused. Montreal, May 5.—The city council rescinded a resolution adopted in April, 1902, accepting an offer of \$150,000 from Andrew Carnegie for a library building. The council could not decide upon a satisfactory site and the dual language question presented a grave difficulty.

## Constipation

Will Undermine Your Health.

Mull's Grape Tonic Cures Constipation.

When the sewer of a city becomes stopped up, the refuse backs into the streets where it decays and rots, spreading disease-creating germs throughout the entire city. An epidemic of sickness follows. It is the same way when the bowels fail to work. The undigested food backs into the system and there it rots and decays. From this festering mass the blood saps up all the disease germs, and at every heart beat carries them to every tissue, just as the water works of a city forces impure water into every house. The only way to cure a condition like this is to cure the constipation. Pills and the ordinary cathartics will do no good.

### MULL'S GRAPE TONIC

is a crushed fruit tonic-laxative which permanently cures the affliction. The tonic properties contained in the grape go into every afflicted tissue and creates it will quickly restore lost flesh and make rich, red blood. As a laxative its action is immediate and positive, gentle and natural. Mull's Grape Tonic is guaranteed or money back.

## The Appetite of Human Nature

When **Uneeda Biscuit** were first introduced, a conservative said:

"They are all right as far as they go, but they won't satisfy the worker. The worker, you see, wants something solid, and substantial, and plain—like potatoes, cabbage, or beef. These delicate and crisp biscuit, packed so daintily, in that In-cr-seal Package, will not appeal to him any more than winter strawberries."

That sounded like good reasoning. But fact upsets theory.

Workers everywhere have been great consumers of **Uneeda Biscuit**. The outdoor worker, seated at noon upon the sidewalk, a house wall for his back rest; mill hands in the mill yard, seated on comfortable bales; teamsters and draymen, on their high box seats—all have eaten **Uneeda Biscuit**, and their wives have eaten them, and their children have eaten them.

Another conservative took another view:

"**Uneeda Biscuit** are all right," he said, "to sell to the workers, but you must not expect to sell them to the more prosperous people. They are too cheap. Five cents a package—that kills **Uneeda Biscuit** so far as the wealthy are concerned. The price should be higher—they are worth it."

That, too, sounded reasonable, but it also turned out to be only theory.

For the greatest grocers of the city and of the country say **Uneeda Biscuit** have taken the place of the more expensive biscuit. Over 200,000,000 packages have been consumed.

The worker eats **Uneeda Biscuit** because of their goodness.

The wealthy eat them because of their delicacy.

The whole world eats them because they represent the highest value as a food product—pure, wholesome, good.

The appetite of human nature always relishes a good change of diet—**Uneeda Milk Biscuit** is a change that never disappoints.

Nearly every lot lies practically level. Figure the cost of these houses at today's prices; add to this the cost of the water line, gas line, paving and grading of streets (all of which are without of further cost to the purchaser either in taxes or otherwise) and determine how very little you will have to pay for the lot; also figure the cost of the improvements and deduct from selling price of the lots and see how very low in price they are. ### TRIP TO WORLD'S FAIR OR \$200 IN COLD CASH

The Prize Which a Popular Restaurateur Proposes to Give Some Lucky Customer.

A free trip to the St. Louis Exposition is the latest move in the business world, and T. O. Carman, one of the city's most enterprising young business men, is responsible for the origin of the plan. He proposes to send some citizen of East Liverpool to the fair, paying all expenses of the trip, and furnishing every cent required to obtain admittance to and secure the enjoyment of the hundreds of interesting and instructive features of the big show.

Mr. Carman's plan is a novel one, and will undoubtedly become popular at once. He is the manager and proprietor of the "Office" bar and cafe, by far the most popular and best equipped resort in this section of the state. He has always been noted for his business tact and enterprise, and in the present instance is said to have surpassed any previous effort.

The proprietor of the "Office" has had issued a coupon ticket which indicates upon its face that the customer has made a purchase to the amount of 5 cents. When the person has invested 25 cents the tickets of smaller denomination are returned to the establishment, and in exchange for them he is given a regularly numbered coupon ticket of the value of 25 cents. These latter tickets are numbered consecutively, and a duplicate is retained by the house. On May 1, 1904, the drawing will take place, and for every purchase of the value of a 25 cent coupon a number will be found in the box. The holder of the ticket corresponding with the number drawn will be entitled to a free trip to the St. Louis fair or \$200 in cash. In order to make it absolutely certain that the prize shall go to some one, the drawing shall be held over again in case the ticket corresponding with the number drawn is not presented at the "Office" within 30 days.

### SETTLED \$1,000 SUIT ON PAYMENT OF \$150

Town Marshal of Washingtonville Compromises an Action for Damages for Arrest.

Lisbon, May 5.—(Special).—The case of Thomas Layden, an infant, by his next friend, Mrs. Maggie Layden, of Salem, versus, George Charleton, William Dalrymple and J. D. Smith, all of Washingtonville, which was assigned for trial yesterday, was settled.

The plaintiff sued for \$1,000 damages, making George Charleton, as marshal of Washingtonville, and his sureties, party defendants. Charleton is alleged to have arrested him without cause and kept him in custody for four hours. Charleton denied these allegations, and stated that on March 4, 1901, Layden and a companion, Ewin Cook, of Salem, were in Washingtonville delivering merchandise for their employer, scattered large amounts of paper on the streets in violation of village ordinances. He arrested them and took them before the mayor. He detained the young man only about 15 minutes. He said he offered to make complaint against them in writing as required by law, but that the mayor disregarded his authority as an officer, and ordered the boy's release.

A jury awarded Cook \$150 in a similar case, and the circuit court sustained the verdict. The case was settled by the payment of \$150 by the defendant. Charleton is execution proof, but refused to allow his sureties to suffer and will pay the amount himself.

### Address on Negro Problem.

New York, May 5.—An address on "The Negro Problem of Today" was given by the Rev. Dr. William H. Weaver, of Baltimore, at the meeting of the Presbyterian Ministers' association. Dr. Weaver is a colored man and a member of the Presbyterian board of missions of freedmen. He advocated a policy different from that of Booker T. Washington, saying he believed that general Christian education is the great need of the negro today and not "industrial" education. That there are so many negro criminals in large cities, he said, is due in great part to the fact that people of the race are forced to live in the worst part of the cities.

### Emperor Inquires About Roosevelt.

Rome, May 5.—Emperor William received in private and separate audience the members of the diplomatic corps in order of seniority. Ambassador Meyer was fourth in the list. The conversation between him and his majesty lasted for some time and was quite confidential. His majesty inquired regarding Mr. Roosevelt's health and said he had heard of his arrival at St. Louis. The emperor recalled having met Mr. Meyer at the Kiel regatta last year.

### Tinplate Workers in Session.

Anderson, Ind., May 5.—The tinplate workers are in executive session. Nothing is being given out further than the scale will be ready by Thursday. It will not be presented to the manufacturers until the close of the convention. There is a movement on foot to select a permanent meeting place and have the headquarters moved there. Columbus, O., has been suggested as the most centrally located city.

### NO SLATES MADE UP FOR N. B. OF O. P. OFFICES

Continued from First Page.

great improvement was shown from all branches of the trade. Many new locals have organized or reorganized during the year and the membership of the others has been greatly increased.

First Vice President Hutchins read his report when Mr. Hughes had concluded. While it dealt solely with conditions in the east it was none the less interesting, as that section had been the storm center during the year. Mr. Hutchins is too modest to claim all the credit for the great work accomplished among the eastern operators, but it has been largely the result of his efforts. In the east alone almost 1,000 new recruits have been added to the Brotherhood and Mr. Hutchins has reorganized five locals and formed one new one. When the chaotic condition of the eastern men is taken into consideration the accomplishment has not been a small one.

Secretary Duffy had not concluded his report when the time for adjournment arrived and he concluded it this morning. Mr. Duffy's report was complete in every detail and was of great interest to the delegates.

The committee on rules reported yesterday and its recommendations were unanimously adopted. The hours for the session of the convention were fixed at 9 until 12 in the morning and from 2 until 5 in the afternoon. The delegates will not be permitted to smoke in the convention room while the body is in session. The most important ruling was a time limit for the introduction of resolutions. All of them must be presented before the close of the Wednesday morning session. Any resolutions presented after that time must have the consent of two-thirds of the delegates before they will be considered.

By this ruling the delegates will have a better idea as to how much time they can afford to devote to any one question and will prevent the sessions continuing unnecessarily.

Thomas J. Duffy completed his report as secretary at the session this morning. This was followed by his report as a delegate from the N. B. of O. P. to the convention of the A. F. of L. held at New Orleans last January. Harry Hailes, of Wheeling, who was also a delegate to the A. F. of L. convention, submitted his report.

President Hughes then announced the following committees, and the convention adjourned until after dinner so the committees would have time to caucus and consider resolutions:

State of Order—S. M. Moore, Thomas Hodges, John Morgan, John Darrah, H. B. Henderson, John Curry, William Ashbaugh, Davis Driver, R. D. Grainger, Sadie Murray, Mary J. Brandon.

Finance—Ed. Monge, Joseph Cotton, J. C. Madden, R. Webster, Thomas Danaherty, Harry McEasters, Thomas Collins, William Elders, S. Coventry, Lucy Drabble, Annie McKenna.

Law—Thomas Black, William Cuthbert, C. G. Webster, Frank Gratton, George Richards, J. W. Clark, D. Caterson, P. Walklet, Enoch Wootton, Mrs. Park Herbert, Tillie Veitch.

Price List—Bernard Quigley, Frank Huff, U. E. Price, John Morgan, Harry Hailes, P. J. McKee, Thomas Huston, William Wootton, James Myler, Thomas Harvey.

Appeals and Grievances—A. D. Burford, George Guthrie, Mike Fennel, Walter Crewson, B. Street, S. Burgess, J. Lister, E. N. Croxall, William Falck.

The work devolving upon Secretary Duffy is enormous and he will get the least enjoyment out of the convention. He has been long constantly at his

desk and works many hours after the sessions are adjourned. His labors will be considerably lightened by the assistance of an assistant secretary, George Martin, of Trenton, who was selected yesterday afternoon.

There has been very little if any change in the sentiment as to the presidency. It is probable that the names of both Harry Hailes and Frank Hutchins will be presented as candidates, but neither of them is expecting the honor. As stated yesterday, Mr. Hutchins will not accept if elected, but Mr. Hailes will serve if it is the will of the delegates. Today he practically endorsed Mr. Duffy as the logical successor of Mr. Hughes.

The race for secretary is not so decided. P. J. McKee has entered the contest with a vim and his friends say he will be the lucky man. They point out his service in this capacity before the position carried with it a salary. He certainly is well qualified and is popular among the delegates. National Treasurer Woods and Frank Gratton each have a strong following.

Among the first resolutions offered were those from the eastern locals, perhaps the most difficult with which the convention will have to deal. The resolution dealing with the uniform scale for the east will occupy a great deal of time and as yet no acceptable solution has been offered. One thing is sure, however, and that is the few who are profiting at the expense of others will be disregarded and the question settled to the best interest of the Brotherhood.

Most of the resolutions will be introduced by reading the text and this will be done for the most part today. There will be very little demand for the two-thirds vote to get a resolution in.

As yet there has not been a candidate for the treasurership mentioned in case John Woods succeeds Duffy as secretary. Owing to the unanimity of the choice for president it is not an easy matter to fix up a slate and so far as can be learned there is none. It is not likely that there will be any change among the vice presidents, Major Adams, Harry Hailes, Sheldon Moore, Frank Hutchins and others will be reelected from present appearances without opposition.

President Hughes, Secretary Duffy, Treasurer Woods, First Vice President Hutchins and a number of others were at the Court theater last night to see "The Little Princess."

Walter J. McKee, of Peoria, arrived safely and is taking a prominent part in the affairs of the convention.

Two of the leading candidates in the News Review's popularity contest are conspicuous among the delegates. They are Thomas Neal, of East Liverpool, and Walter Crewson, of Sebring, and both are looking after stray coupons.

Will Ashbaugh is uneasy during the afternoon sessions because of the Central league ball games on the island. He can't be happy at anything else while a game is going on.

George Heisler, formerly art decorator at the National and now holding a similar position with the Warwick China company, has been looking up old friends among the delegates.

Five Laundries Doing Business. Chicago, May 5.—Only five out of the 160 laundries in Chicago were open for business. Thirty-five hundred laundry workers are idle and when the drivers, engineers and firemen are added the total number of persons thrown out of employment will number 5,000.

Bathers Devoured by Sharks. Coahuacalcos, Mex., May 5.—Three unknown men who were bathing in the surf went out about 300 feet from the shore and were devoured by sharks. People on the shore witnessed the tragedy, but could render no assistance.

Duffy the First Choice For President With Race

### THE ORGANIZATION NEVER SO FLOURISHING

BY O. H. BOOTON,  
Staff Correspondent.  
Wheeling, May 5.—There was great rejoicing yesterday afternoon among the N. B. of O. P. delegates when President Hughes, Vice President Hutchins and Secretary Duffy read their annual reports. In every line of these interesting documents were evidences of an unparalleled growth and prosperity.

The membership is now greater than at any time since the organization of the Brotherhood and it is now the belief of the leading delegates that measures will be enacted before the convention adjourns that will wipe out last of the differences now existing between the east and west and closely cement the union of the sections, which is now merely nominal.

President Hughes had a lengthy report to make, its reading occupying an hour of the afternoon session. In his opening address Mr. Hughes did not even mention the fact that he was meeting with the delegates, probably

for the last time. He was deterred no doubt because of the fact that this session was open to all, and many other than the delegates were present. But this afternoon when alone with the men, representing the great organization to which he has dedicated a decade of his allotted years, he spoke feelingly.

His voice grew tremendous when he told of his reluctance in breaking away from the old associations and the sturdy gray eagle on the platform touched a pathetic chord among the delegates. Hughes will ever be known as the father of the Brotherhood. His report followed the announcement from the credentials committee that its labors had been completed. There were no contests and all the delegates present were seated. From his report it was learned that the organization has enjoyed the most prosperous era of its existence. Fully 90 per cent of the operatives in the west are now members of the organization and a

## FIRST SESSION OF SERVICE BOARD

Declaration of Intentions Includes  
Determination to Make  
City Clean.

### COL. TAYLOR IS PRESIDENT

The board of public service held its first meeting at a late hour yesterday afternoon in the water works office and organized by electing Colonel John N. Taylor president. The other members of the board are W. L. Smith and Jacob Shenkel.

It being the duty of the board to make several appointments they got down to work in short order and re-appointed the following: Philip Morley, superintendent of the city water works; Edward Cox, assistant superintendent; J. W. Gipner, clerk of the board of public service, and Frank Dickey, street commissioner, which position, however, will be known hereafter as superintendent of streets and highways.

The board realized the necessity of much forethought and consideration before taking any definite action in regard to the work that befalls them and aside from talking over some little matters they did practically nothing else and adjourned to meet again this afternoon, when a most important subject will be taken up. A member of the board stated this morning that during the board administration it will hold regularly every week two meetings in the water works office, there being no suitable room in the city building, and the water works of fice being sufficiently large to accommodate them admirably. Other meetings will also be held, the time being set according to circumstances. It is the intention to make it publicly known that all grievances and complaints must be registered with the clerk and the board will consider them on meeting nights.

While the board is not in a position at present to forecast much of the work that is to be done the members have taken their seats with a determination to better the conditions of the city. They most emphatically expect to have clean streets, alleys and all thoroughfares. Pennsylvania avenue will be remedied, brokenup streets will be repaired and all manner of changes will take place. One of the members has said: "We intend to keep the city scrupulously clean, and it will not be our fault if we fail."

## SIX HUNDRED VISITORS TO INSPECT POTTERY MAJOR STRAUGHN DEAD AT LISBON

BIG DELEGATION OF RAILWAY  
MEN COMING ON FRIDAY.

They Will Be Shown Through the  
Laughlin Plant And Given  
Every Courtesy.

EX-COUNTY CORONER HAS PAS-  
SED AWAY.

Well Known Citizen Who Had An Ex-  
cellent Record As A  
Soldier.

C. O. Hallett, S. J. Packer and W. Jordan, three of the best known and most popular conductors in the employ of the C. & P. company, were in the city this morning making arrangements for the entertainment of the delegation of conductors that are coming to this city from Pittsburg on Friday, May 15, to see a pottery city in all its magnitude. The Laughlin China company has consented to take care of the crowd and show them through every department of the East End plant No. 2, which is conceded to be about the finest in the country.

There will be at least 600 men in the crowd of visitors and they will reach the city on a special train composed of 12 coaches at 11 a. m. It is possible that more will come than are now expected, and if so more coaches will be provided. The delegation will be from the convention of railway conductors that holds forth in Pittsburg all the week. It is expected that 5,000 will attend the convention.

The committee in the city today stated that a program had been mapped out and that it will be the endeavor to carry it out to the letter. Immediately after the arrival of the train the party, under the leadership of members of the Laughlin company's force, will be taken through a portion of the mammoth plant and at noon they will adjourn to the cars, where an elegant luncheon, prepared by Caterer Smith, of Chester, will be served.

After dinner they will again enter the pottery, and after a thorough inspection is made, all will congregate on the outside of the plant and be entertained with short addresses by Secretary W. E. Wells, of the Laughlin company, and Mayor W. A. Weaver. It will be with especial interest that the party will listen to Mayor Weaver, he having been a conductor for seven years and for many years connected with the C. & P. railroad.

## A DAUGHTER BORN IN THE INFIRMARY

Unfortunate Mrs. Eva Evans, of This  
City, Again Becomes a  
Mother.

Lisbon, May 5.—(Special.)—Mrs. Eva Evans, of East Liverpool, whose unfortunate condition aroused much sympathy a few months ago, has given birth to a daughter at the county infirmary, of which she is now an inmate. Her husband, Charles Evans, is alleged to have deserted her and afterward she appeared to go insane. Three of her children are now being cared for by her husband's mother in East Liverpool.

Chicago Plant Destroyed.  
Chicago, May 5.—(Special.)—Fire in the Olson picture frame factory resulted in the total destruction of the plant. The loss is estimated at \$60,000.

Lisbon, May 5.—(Special.)—Major J. L. Straughn, former county coroner, died at his home on North Market street, at 3 o'clock yesterday afternoon, aged nearly 66 years. Death was due to the asthmatic trouble from which he has been a severe sufferer for several years. A slight stroke of paralysis early last November disabled him for a time, and though he recovered to some extent, his health has been gradually failing from that time, and it became apparent a few days ago that he could not get well.

John Lloyd Straughn was born in Salem September 11, 1837. He was a son of Joseph and Jane Straughn. His mother, whose maiden name was Jane Morris, came to this section from Virginia many years ago. Mr. Straughn has lived in Lisbon since 1869, and was in the boot and shoe business at the outbreak of the Civil war. He enlisted and was mustered at Camp Chase, Columbus, May 28, 1862, as Captain of company F, 8th O. V. I. On October 1, of the same year, he was mustered out at Camp Delaware. He re-enlisted in the 134th Ohio National Guard and was mustered in at Camp Delaware as major of the regiment. He was mustered out in September of that year.

Mr. Straughn was united in marriage with Mary E. Miller, of Lisbon, on November 25, 1862, who survives him. Of the four children born to them, two survive, Edward M., of Lisbon, and Robert C., of Rialto, Cal., a son and a daughter having died in infancy. He is also survived by a sister, Mary V. Straughn, of Lisbon.

For many years Mr. Straughn has been well known in the county. On May 9, 1894, he was appointed coroner, and was elected to succeed himself continuously until compelled to resign not long ago on account of his physical infirmities.

Funeral services will be conducted from the house on Thursday afternoon at 1:30, Rev. J. A. Ulman, pastor of the M. E. church, of which Mr. Straughn also was a member, officiating. Major Straughn was also a member and past commander of post 138, G. A. R., the members of which will have charge of the funeral.

New Government Takes Hold.

Lisbon, May 5.—(Special.)—The village government was reorganized under the new code last evening. C. W. Houston was elected president of council; C. C. Cornell was engaged as city attorney for \$250 a year. The board of public affairs elected William N. Hostetter, president, and Allen O. Ramsey, clerk. George B. Harvey and Ed M. Cresser are the other members of the board.

Order of Sale.

Lisbon, May 5.—(Special.)—George M. Miller, executor of the estate of the late Lydia Miller, of Fairfield township, has been given an order for private sale of personal property.

## NEW COUNCIL ORGANIZED

All the Members Were Present  
and Took the Oath of  
Office

### AN INFORMAL CONFERENCE

With the City Solicitor on the Powers  
and Privileges of the President of  
Council—Old Committee Are to Be  
Maintained.

The new council held an informal meeting last night, and the time for the most part was consumed in conferring with City Solicitor George E. Davidson as to the powers and privileges of the city's legislative body. Messrs. Horwell, Barlow, Bullock, Smith, Carson, Crossall, Johnson and Moon, who compose the new council, were all present and Mayor Weaver administered the oath of office. Henry E. Bullock, of the Second ward, was elected president pro tem and Auditor Davidson was made city clerk.

President Horwell was not in position to make any appointments at the meeting last night, and the matter was deferred for one week, along with a number of other questions with which the new body will be called upon to deal. The meeting then resolved itself into an informal session, in which Solicitor Davidson was the central figure. The latter official gave it as his opinion that the council would have authority to maintain all committees which served under the old arrangement. He thought the many questions which were likely to come up during the year could be handled more conveniently and with less annoyance if there was a standing committee to which to refer it than to be continually appointing special ones. President Horwell will act on the suggestion. It is certain the several committees will not have much work to do, but if anything should demand attention they will be able to take it up at once.

Mayor Weaver informed the council that he was not prepared to furnish a list of his appointments for confirmation at this time, but would be ready by the next meeting.

## PLUMBERS' CONFERENCE BRINGS NO RESULTS

The Matter in Dispute No Nearer  
Agreement Than It Was  
Some Days Ago.

Contrary to expectations the committee of the journeymen plumbers and that of the bosses failed to come to a mutual agreement at the meeting appointed for that purpose yesterday afternoon. Everything went along smoothly until the hour question was raised and the bosses backed when the journeymen refused to concede five hours on the week. The way the matter stands now the bosses are determined against an agreement whereby the journeymen will receive \$4 a day straight for 8 hours and 10 minutes for five days and 7 hours and 10 minutes on Saturday.

There will be a meeting of the bosses tonight and it is expected that some action will be taken that will draw nearer to an end the strike, but what will be done is not known. The journeymen are not able to state when they will hold another meeting.

Annual Ball at Lisbon.

Lisbon, May 5.—(Special.)—Arrangements are being completed for the annual May dance on the Young Men's Lyceum club on Wednesday evening next. It will be given in Smith's hall, instead of the opera house, and will not be confined to members of the club exclusively. The Mahoning orchestra, of Youngstown, has been engaged.

Dispute Over Rental.

Since 9 o'clock this morning the time of "Squire H. P. McCarron has been devoted to the hearing of testimony in the case of the Wade Jewelry company against the C. B. Corson Millinery company. The case is the result of a misunderstanding in regard to the rental of certain store fixtures.

Licensed to Wed.

Lisbon, May 5.—(Special.)—Marriage licenses have been granted to Alphonso E. Stanley and Emma Pearl Kilmer, East Liverpool, to be married by Rev. J. W. Gorrell; E. F. Gorrell and Sallie Retter, East Liverpool.

## THIS CITY'S CANDIDATE FOR STATE COMMANDER OF SONS OF VETERANS

John J. Ross Will Go to the Marietta Encampment With Strong Support For  
the Position.

When the East Liverpool delegation goes to Marietta next week to represent General Garfield camp No. 3, Division of Ohio, Sons of Veterans, at the state encampment the members of the order from other sections of the state will certainly be aware of its presence and will have reason to remember the fast long afterwards.

For several months an able and energetic committee from the ranks of the local camp has been hard at work on the candidacy of Post Captain J. J. Ross for the position of division commander. The committee has succeeded beyond the expectation of the most enthusiastic member, and Mr. Ross's chances for victory are very bright.

Since 1887, when Mr. Ross joined the local camp, he has been one of the few faithful workers in the interest of his organization, and has the proud distinction of having attended more than 91 per cent of the regular meetings of the camp. For 20 years Camp No. 3 has been the very leader in the Ohio division in many ways. It has never failed to send representation to each of the annual encampments. It

## THE NEW MAYOR'S FIRST HEARING

COACHED BY THE EX-MAYOR HE  
SETTLES DOWN TO WORK.

Barney Williams And a Fighter First  
to Be Fined—Costs  
Are Cheaper.

Mayor Weaver and Chief Wyman were greeted with three affidavits this morning upon their arrival at the city hall, and though it was the chief executive's first tribunal he disposed of the cases with dispatch, and one not knowing would have stated that he was an old hand at the business. Chief Wyman had been there before and it looked natural when he brought in the first victim.

Ex-Mayor Davidson was present and told the new mayor how he must look when he says: "John Doe, you are charged with being drunk and disorderly. How do you wish to plead? Guilty. Well, the sentence of this court is that you pay a fine of \$5 and costs and that you stand committed and be imprisoned in the Stark county workhouse until fine and costs are paid, secured to be paid or otherwise released according to law."

Mayor Weaver was not long in committing the little speech, and when Barney Williams had been arraigned with the above charge against him, he rattled off the song, climaxed \$2 of the fine and the workhouse sentence. Barney's experience as a street fakir helped him wonderfully in offering his plea. He said: "Pat Woods asked me if I would like to take a ride. I got drunk on 39 cents, the last money I had. If you will let me go, you will never forget it, and I will pay you." His word was taken for the amount and he was discharged.

The next on the carpet was Frank Edwards, employed by Mr. Ford, the contractor. He was found by Officer McDermott fighting with Harry Rastetter. Both were hauled to jail in the patrol wagon. Edwards pleaded guilty and was fined \$3 and costs. He made arrangements for payment. Rastetter pleaded not guilty, saying that he was simply acting the role of peacemaker. He will be given a trial this afternoon. He could not even remember of seeing Edwards flourish a monkey-wrench.

A noticeable change as a result of the new code, one that will meet with the hearty approval of all offenders, is the curtailing of costs. Heretofore a fine of \$1 and costs meant \$5.60. It now means \$4, the chief of police receiving no fee.

Evidently a Suicide.

Toronto, May 5.—Samuel Edgin Guest was found dead yesterday in a room on Peter street. The gas was turned on and it was evidently a case of suicide. Guest has a wife in Pittsburgh.

## WITH THE WORKMEN IN THE CLAY PLANTS

### TRENTON UNEASY.

Trenton pottery manufacturers are uneasy over the N. B. of O. P. convention, fearing it will make demands they cannot grant. A uniform scale of wages, the manufacturers claim, would be thoroughly acceptable to them, inasmuch as it would put all the shops on a more equal basis, which has been the object of the recently organized potters' association of America. But if the list provides for an increase, there, the manufacturers say, they will call a halt. They all unite in saying that the conditions of trade at the present time is worse than it has been for several years and that they will fight every attempt made to increase the men's wages.

England is underselling American-made ware and the importations this year will probably be more than it has ever been. The big jobbers are not buying and the manufacturers do not look for a jump in business until fall.

Charles Howell Cook, in discussing the situation with a True American reporter, said: "The condition of the pottery trade here is anything but favorable. Last year about this time was our business season, while now I have never seen it so dull. People are now buying cheap ware, for good ware is a thing they can do without. I do not know what we could do but for the numerous concerns about the country which are at present giving large orders of ware to distribute among their trade as premiums to advertise some article."

"When I say that this is the worst year for trade I ever have known, I mean it, and I am unable to account for it, unless it is from the unsettled condition of labor and the advance in the price of raw materials."

England has been cutting into us during the past year, and I believe that more English ware will be imported into this country this year than ever before. Trade in England has been very dull for some time and the result has been that labor has become so cheap that the manufacturers there are underselling us."

Mr. Cook was then asked what he thought of the proposition of the National Brotherhood of Operative Potters to compile a uniform price list for the east. Mr. Cook said: "A uniform price list would be an excellent thing for the potters here, and I think that the manufacturers would assist the Brotherhood officers in putting it in force. If this new list is to provide for an increase in wages, I do not see how we can accept it in the face of the present trade conditions."

### EGYPTIANIZED CLAY.

A discovery which gives promise of affecting the clay industry and its various branches has been made by E. G. Acheson, of Niagara Falls, formerly of Pittsburgh, and the inventor of carborundum. While experimenting in crucible manufacture, Mr. Acheson had occasion to search for a clay possessing certain qualities. He experimented with domestic and foreign clays, and wondered why German clays were esteemed superior to American. He realized that in some manner Nature had given them different treatment; that something had been mixed with them, possibly through water, that increased their plasticity. He began a series of experiments, and gathered all the information he could in regard to clays.

Among other facts that commanded his attention was the seventh verse of the fifth chapter of Exodus, which reads: "Ye shall no more give the people straw to make brick, as heretofore; let them go and gather straw for themselves." The twelfth verse of the same chapter and look also interested him, for it reads: "So the people were scattered abroad throughout all the land of Egypt to gather stubble instead of straw."

Mr. Acheson secured a quantity of straw, and had it sent to his laboratory. There he boiled it in hot water, and the liquid he obtained was of dark red color. This liquid he used in the treatment of clay, and found that it was excellent for increasing the plasticity. He sought out the principle, and determined that the agent was tannin. He treated other clays with water in which tannin was in solution, and realized that he had found the secret and made a most important discovery.

The name given by Mr. Acheson to clay treated by his process is "Egyptianized clay." He has discovered that it is practicable so to treat clay and other earthy materials as to insure greater strength in the products made therefrom, also to greatly reduce the shrinkage and warping in the process of drying and baking, and also to increase the solubility and the plasticity of the material. By his process, non-plastic clays may be rendered plastic and plastic clays more plastic by treatment with tannin or an agent

### NOVELTIES IN CHINA.

Novel holders for mustard, for horseradish, for catsup and other relishes have covers representing turtles and the quaint heads of fishes, in which the expression is very arch. The place for the tiny ladle is cunningly introduced under a claw or gill. Fish sets showing seaweeds and sprays of coral, star fishes, conchs and other briny suggestions are more apt and beautiful than ever, and as accompaniment come bowls for the dressing, daintily mounted and having fish symbols and marine tokens on cover and handle. Olive sets decorated in floral patterns show tropical leaves and blossoms that burst into fringe about the edges like cactus flowers. These have the small holders to match the dish, some with decorative handles and others of the usual round or oval pattern.

### FREIGHT CONGESTION STILL.

Joseph Mayer, of the Mayer Bros. Pottery company, Beaver Falls, thinks the effect of freight congestion has not entirely disappeared. Trade at this time is not meeting his expectations and he argues, very plausibly, too, that delay in delivery means a corresponding delay in placing orders, and accounts for interruption of trade at his plant from this cause. The outlook for the plant this season, he says, is good.

### ENLARGING CAPACITY.

A new double decorating kiln and a bisque kiln are being added to the plant of the Keystone Pottery company, New Brighton, Pa. This firm entered trade about seven months ago. Manager Rigby said: "Absolute necessity compelled us to increase our facilities to meet the demand."

### Putting Up More Wires.

### PARK

Park, May 5.—Summer days once again and the beautiful showers have made their appearance. Everybody and every living creature seems happy.

There was quite a large attendance Sunday at the services at the First M. E. church. Several visitors attended, among them Attorney W. F. Jones and wife, of Wellsville, and Mrs. Perry J. Stephens and little daughter, Esther, of East Liverpool, who are the guests of Mrs. Frank Conkle, near Bell school.

A committee was appointed at the M. E. church by the pastor and Sunday school to solicit and arrange for the papering and painting of the inside of the church and many other needed repairs. The committee is as follows: Mrs. W. H. Crawford, Mrs. Frank Conkle and Mrs. John Henry. Quite a number from Park attended the drama at Clarkson hall Saturday evening and report a fine time.

## VICTIM OF ASSAULT DIES OF HIS INJURIES

Ex Judge W. V. B. Croeskey Dies of Wounds Inflicted By Boys at Steubenville.

Steubenville, May 5.—Judge W. V. B. Croeskey died at his home on upper Market street yesterday, after a week of intense suffering from the wounds received April 27, in an altercation with Oscar Albough and Layton Johnson, whom he accused of destroying his shade trees.

William Van Buren Croeskey was a son of Jackson and Elizabeth Ann Baker Croeskey, pioneer residents of Harrison county, Ohio, and was born on the farm in Green township February 6, 1839. His parents removed to Germany in 1841, and it was here that he received a good country school education and later was sent to the Normal college at Hopedale, where he completed his college course and was ready for the law. In the meantime the war of the rebellion came on and being an ardent patriot he enlisted under the first three months call in company H, Thirteenth Ohio, recruited at Cadiz. He served this term and then re-enlisted at Germano on January 2, 1862, in company G, 74th O. V. I., for three years as a private soldier. On February 16 he was promoted to corporal, and on August 1, 1863, he was appointed principal musician of the regiment. He was with his regiment until the end of the war, serving with bravery and distinction and was mustered out with his regiment July 10, 1865.

He again took up the study of law and went to Ann Arbor, Michigan, where he completed his law course and was admitted to the Jefferson county bar in 1870. He practiced law in Steubenville and took an active part in Republican politics and was elected to the office of probate judge in 1882, and served faithfully with honor as a trusted county official and was elected to the second term which expired in 1888, and he turned over the affairs in good shape to his successor, Judge J. A. Mansfield. Judge Croeskey resumed his law practice and was still actively engaged in his profession when stricken down with the shadow of his home a week ago.

He married Miss Sarah, daughter of the late Basil Viers, of this city, who survives him at the homestead after a happy companionship of over a quarter of a century. Judge Croeskey was a member of the Christian church, a staunch Republican in politics, and a genial, pleasant gentleman.

Heart Beats Per Minute. Weak Heart

Complicated With Kidney Trouble.

Dr. Miles' Heart Cure Cured Me Permanently.

"Your medicine is worth its weight in gold, and I cannot recommend it too highly for the good it has done me. I was troubled with heart disease complicated with a weak back and kidney complaint for a number of years. Although five of our best doctors waited on me I grew worse instead of better, until at last nothing seemed to do me any good. I had a rapid pulse varying from 100 to 120 beats per minute, a choking and burning sensation in the wind-pipe, and pain in the heart. At the time I began taking Dr. Miles' New Heart Cure I weighed but 130 pounds. After using the remedies six months I weighed 185 pounds and felt well, and strong and hearty. My nerve, heart and kidney troubles are all gone now and as this cure was performed nearly seven years ago I know that it is permanent."—Edward Knapp, Wilkersonville, Ohio.

"For many years I have been a great sufferer from heart disease. I was subject to faint and sinking spells, with a clutching, oppressive or full feeling at the heart, that is difficult to describe. I was unable to attend to my household duties, and was thoroughly wretched and miserable. I doctored with some of our best physicians but got no relief until I tried Dr. Miles' Heart Cure and Nerve. I experienced benefit from the first few doses and finally was completely cured."—Mrs. J. M. Holloway, Geneva, Ind.

## EAST END

## STORE BUILDING BURNED

Kerr Bros., of the East End, Meet With \$5,000 Loss at Shippingport.

Kerr Bros. received intelligence this morning of the total destruction of their store building at Shippingport, by fire early Saturday morning. The building was occupied by Joseph Peirer as a general store and the family of W. J. Hanley. The fire broke out shortly after midnight. The structure was a 9 room building and the fire raged fiercely. The family of Mr. Hanley had a narrow escape from being suffocated by smoke and saved only two trunks of clothing and a dresser. A barn on the rear of the lot containing a large amount of produce was saved through the heroic action of the neighbors who carried water and kept the barn well saturated.

The fire is thought to have originated by rats igniting matches, as it was first discovered away from a coal stove in the rear of the room. The loss is estimated at between \$5,000 and \$6,000 and is covered by insurance to the amount of two-thirds of the loss.

## No More Meetings Until Fall.

Hoyt Court, 1101, Grand Order of the Orient, has discontinued the holding of any more meetings until fall. The popular order has been very successful in acquiring a membership of close to 250 in its short existence. The officers of the lodge, considering the arduous duties of initiating the many political aspirants to the order previous to the elections, believe that they are entitled to a rest. Interest in the order has much interest for the members and the good work will be taken up later on.

## Action on Board Bills.

Action was brought in the court of Justice L. W. Carman by Mrs. Sarah A. Chevalier against Thomas McAfee for board and lodging, the amount claimed being \$12, and another against Harlow McAfee, amounting to \$12, for board, lodging and attendance during illness. The cases were set for hearing last night and on neither of the defendants appearing, judgment in default for the full amount claimed in both cases was entered against the defendants.

## Pastor Will Be Absent.

Jerre Wright will lead the prayer meeting in the Erie street M. E. church during the absence of the pastor, Rev. George W. Orcutt, who will fill the pulpit at the M. E. church at Wintersville, O., the latter part of this week. The ladies' aid society of the church will hold a business meeting at the church Thursday afternoon, at which much important business will be transacted.

## Annoyed By a Report.

C. O. Weddell is very indignant at the report which has gained circulation in the East End in regard to his being married. Mr. Weddell stated today that the report originated from a man who had a great deal of idle time on his hands. While Mr. Weddell is keeping the company of a very estimable lady of the East End, matrimony is not at present contemplated.

## EAST END AFFAIRS.

Ben Chafin has fully recovered from an attack of typhoid fever.

The condition of Charles Courtney is reported much worse.

Mrs. Columbus Martin, of Klonlike, is seriously ill with pneumonia.

Miss Maud Carroll is having a large store room erected on Pennsylvania avenue.

Mrs. Mary Hall, of Pennsylvania avenue, is moving with her family to Ward county, W. Va.

Sarah Dinsmore, of the ghost kiln at Laughlin No. 2, has resumed work after a prolonged illness.

Bentley, the little daughter of Mr. and Mrs. R. J. Corwell, of Calhoun's addition, is very ill with an attack of pneumonia.

Norah Burdick, formerly with the National China company, has accepted a position at Laughlin No. 2 in the ghost kiln department.

N. J. Orr, who has been ill for some time at his home on Pennsylvania avenue, is recovering and was able to be out yesterday for the first time.

Don't fool with a cold; no one can tell what the end may be. Pneumonia, catarrh, chronic bronchitis and consumption invariably result from neglected colds. Nothing can be compared with Chamberlain's Cough Remedy as a quick cure for colds and influenza, and by its use these diseases may be avoided. For sale by Alvin H. Bulger.

Hyomei Costs You Nothing if it Fails Says Will Reed.

Among the many medicines upon the market that claim to cure catarrh, none but Hyomei has enough faith in its own merit to be willing to refund the money if it does not cure.

This remarkable remedy for catarrh kills the microbes and the germs of the disease and from its introduction has been sold under a positive guarantee to return the money to all dissatisfied customers. Will Reed sold thousands of Hyomei outfits in the last few years, and have had only two customers ask for a return of the money, which in every instance was promptly and cheerfully returned. They stand ready today to refund the price to anyone who is not helped by Hyomei.

The complete outfit costs \$1.00 and comprises an inhaler, a bottle of Hyomei and a dropper. The inhaler will last a life time and additional bottles of Hyomei can be obtained for 50 cents.

Breathe Hyomei for a few minutes four times a day, and your catarrh will grow better from the first day's use, and will be completely cured in a short time.

Do not try to cure catarrh with ordinary stomach medicines. Breathe the healing Hyomei which goes to every part of the air passages and respiratory organs, killing the catarrh germs and preventing their growth.

It is the only treatment for catarrh where you can get your money back from a local dealer in case it does not help you.

## Caution.

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds, perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25c size has just been introduced this year. Regular size, 75c. At all druggists.

## A HINT TO THE WISE

This Advice Will Bear Repeating in East Liverpool.

"Don't chase shadows." Doubtful proof is but a shadow. You can rely on testimony of people you know.

You can investigate local evidence.

Mr. C. H. Garner, the well known manufacturer of ice cream at 165 Jackson street, says: "My trouble set in with a soreness and stiffness over my whole body; my appetite was poor and I was annoyed a good deal with bloating at the stomach. There was a urinary difficulty and I felt generally used up. I tried two or three different remedies, but they did not do me the least good. Having heard Doan's Kidney Pills so highly spoken of I purchased a box at the W. & W. Pharmacy. I did not take over half of it before I was entirely free from any trouble, my appetite was good, and my old time vigor restored. I recommended them to many of my friends among them P. J. Green, V. S., and they all speak of them in the highest terms."

Sold for 50 cents a box by all dealers. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no other.

Sold by W. & W. Pharmacy.

The greater part of the municipal machinery established by the new code has been installed and is now in operation. Speaking in industrial terms, it makes up a fine plant and ought to be equal to all the work expected of it. The mayor has only to make his appointments of members of the board of public safety and other boards established by the new code to cause the last vestige of the old order of things to disappear. But after all, it is not the mere legal machinery upon which the city must depend for good government, but the men in office. Fortunately the offices thus far provided for are well filled. The public has shown little confidence in the men it is empowered to elect by giving its votes for them, and Mayor Weaver is showing a disposition to fill the appointive offices with men deserving of confidence and respect. Especially is the city to be congratulated upon a board of public service composed wholly of business men and capable of genuine service to the public. Never was the outlook better for good government for East Liverpool, and capability and capacity not being lacking, it requires only harmonious and united effort to make this a business administration in the truest sense of the word—safe, sound and reliable.

The expressed determination of Chief of Police John Wyman to enforce the laws as he finds them, with-

out fear or favor, is one which will commend itself to all good citizens. The city ordinances were made and passed with the expectation that they were to be enforced. If an ordinance is bad the quickest way to secure its repeal is to enforce it vigorously. There are many ordinances, as every citizen is well aware, to which very little heed has been paid in the past. Chief Wyman proposes to make them operative, and if they work hardship on the fact will be the laws and not his. His determination to curb the speculators governing the work of the police force is also highly commendable. The police force is made up of excellent material and under the efficient direction of Mr. Wyman is quite likely to establish a new record for the city. Reformation is never accomplished by force alone, but by the success to the man who would effect genuine reform.

If no other amendment to the state constitution is endorsed by the people in the coming election, the one conferring upon the governor the veto power should be. Ohio is one of but two states where the governor is denied that power, and the experience of the other states furnish many reasons why Ohio should join the great majority in this matter.

How is it that titled Englishmen are constantly marrying American wives, while titled Englishwomen never marry American husbands? If the thing keeps on, the English aristocracy, in a generation or two, will be able to refer to the United States as "the foreign country."

The bureau of forestry estimates the forest area of the United States at 700,000,000 acres and adds that if these acres had received intelligent care they would now contain ten times as much available timber as they will yield. Economical conditions will soon force such care.

President Roosevelt says he has faith in the people. The people are showing all the time that they have faith in him, and the mutual confidence is contributing to business stability and continued progress.

Over a ton of begging letters for Mr. Carnegie arrived at London before he did. Such an exhibit of human covetousness is enough to sour even the best intentioned philanthropist.

It is said Carnegie proposes to devote himself to golf for five months. Some men would rather not have a vacation than go through such a program.

Beveridge of Indiana, wants to be vice president. The Republican party might go further and fare worse.

The Cleveland presidential boom is thus far confined to the columns of one Democratic newspaper.

The powers want peace with Turkey, but it looks as if they might have to fight to get it.

## AT THE THEATRE

"Am I My Brother's Keeper?" Since Cain's cry first fell on listening ears, man has faced this problem. He has tried to avoid an affirmative answer. All I want is to be let alone," cries the millionaire, who has wrung his wealth from a suffering people; blusters the politician, who is cowering behind the gains of a corruptible career; whines the criminal pursued by the law.

"Resurrection," the original American production, by Aiden Benedict. You cannot live alone in this world. You are your brother's keeper. See "Resurrection." Learn the lesson he teaches. His reasoning may help you over many hard places.

A widely successful Russo-Siberian play was "Michael Strogoff." Now there is a new one, and it is coming this way. "For Her Sake" is the title of the latest of the plays having to do with Russian high life, with the moving sorrows of serfdom and the harrowing experiences of life in the Siberian convict mines. "For Her Sake" is credited with possessing an element which its predecessors lacked and which doubtless more than anything else has contributed to its phenomenal success with theatregoers. It has the comedy element, clearly and consistently ingrained in its plot, and it is said to be a high class of comedy. The play will be seen at the Grand Thursday evening, May 7.

The St. Paul Pioneer Press says: "Never has an audience laughed more continually, more convulsively than at the Metropolitan opera house last night. Mr. DuSouchet has admirably realized the all sufficient ideal that laughter is to force what persuasion is to oratory. Every line of 'My Friend from India' was written to produce a laugh, and every line succeeds. The play enjoyed a longer run in New York than almost any other production of the season." At the Grand tonight.

## WELLSVILLE

## BOARD OF PUBLIC SERVICE

Reappoints City Engineer Leith—Other Matters Receive Attention.

The afternoon session of the board of public service yesterday began with the appointment of a city engineer. H. H. Leith was re-elected for one year at a salary of \$1,200 per year. Bond, \$2,000. His whole time is not to be devoted to the city, however.

Bids on sewer on Highland avenue were opened. They were from O. R. Hines, Cleveland; E. H. Riggs, Wellsville, and Reinhardt Bros., East Liverpool. No award was made.

William T. Green was elected city building janitor at a salary of \$45 per month. Bond, \$200.

All the bonds given by the newly elected officers are to be surety bonds.

The contract between the Wellsville Light & Power company and the city of Wellsville was received and placed on file with other paper of later action. The election of a poor director was passed over. It was resolved to have the city engineer, superintendent and the supervisor of highways report the number of men needed and the probable amount of money needed.

The board of public service resumed their meeting at 9 o'clock this morning in the water works office. The bids for sewer on Harlem avenue were read and Engineer Leith was ordered to bring in an estimate. After consideration, Engineer Leith decided that all bids were too high and on his advice all were rejected. Engineer Leith was of the opinion that if the sewer was held back until the excavating for the paved street was under way the sewer would be put in at less cost. A budget was made out to be presented to council at the meeting tonight, which consisted of the bills of H. A. Herbert and P. H. White & Son for supplies.

The bond of the city auditor for \$5,000, was approved, and the office will be turned over to him tomorrow. The matter of the appointment of a street inspector was held over until tomorrow.

Dr. S. K. Hutchison, the present poor director, was instructed to hold his office until the next meeting.

## Kerr Loses an Eye.

Mr. Kerr was struck in the eye with a beer bottle by a boy named Cain, of Empire, about six weeks ago. Cain was raising a disturbance. Mr. Kerr interfered and Cain states, was accidentally struck. At first the injury was thought only a trifle, but in a week or so after it happened Mr. Kerr had to be taken to the hospital, where he lingered between life and death for about a week. He is now on the high road to recovery, but the sight of one eye was completely destroyed.

## ABSOLUTE CURE FOR STOMACH TROUBLE

No Matter How Long You Have Had It. NAW'S DYSPEPSIA CURE—IT CURES THE CAUSE.

"For 30 years until within the last 15 months I have been greatly troubled with indigestion and have used a great many remedies without obtaining any permanent relief. About the 15th of June, 1900, I commenced using NAW'S Dyspepsia Cure, and am pleased to say that I consider myself entirely cured of all stomach troubles. I have delayed expressing to you my opinion of your valuable remedy until such a time has elapsed as to convince me of my entire recovery. At the time I began to use NAW'S Dyspepsia Cure, my health was in a critical condition and my liver and stomach given up hopes of my recovery, and I am satisfied in my opinion that had I not been for NAW'S Dyspepsia Cure, I would not be able to write this letter." ## "WILFUL WASTE"

That old copy-book maxim finds its most forceful application in the waste of vitality, which is called "burning the candle at both ends." A woman is often tempted beyond her strength by domestic or social demands. Some day she awakens from this waste of strength to the woeful want of it. She has become weak, nervous and miserable.

For weak, nervous, run-down women, there is no better tonic and nerve than Dr. Pierce's Favorite Prescription. It restores the appetite, quiets the nerves and gives refreshing sleep. It cures local diseases peculiarly womanly which undermine the general health. It makes weak women strong, sick women well.

"No doubt you have forgotten me but after you read my letter you will remember me." writes Mrs. Annie E. Manning of 238 1/2 Avenue S. W., Rosedale, Va. "In the year 1892, I wrote to you for advice, which you gave me free of charge. When I wrote to you I was a wreck. I could not walk, stand or sit down, or get any ease at all. I had what was called the best doctor here, but did not get any better until I went through a course of your medicine. I took eight bottles, each of 'Favorite Prescription' and 'Dr. Pierce's Medical Discovery,' and ten bottles of the 'Pleasant Pellets.' I tell you the medicine made a cure of me."

Weak and sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is held strictly private. Address, Dr. R. V. Pierce, Buffalo, N. Y. Dr. Pierce's Pellets cure biliousness.

The city of Wellsville. As this is the first thing of its kind ever published in the city, it will no doubt be heartily received by the citizens. Mr. Goffs proposes to name his book "Wellsville in Black and White," and will have it completed by June 1.

The dead: Fireman Albert J. H. Osmond, Saginaw; Baggageman Gus Plager, Port Huron; and Mail Agent Frank P. Peck, Saginaw.

## CROWDS IN COLORADO

Welcome President Roosevelt on His Trans-Continental Tour.

## HEARTY GREETINGS EVERYWHERE

Citizens of Colorado Springs Listen to a Short Address—Pueblo People Listen to Brief Speech—Journey Continued.

Colorado Springs, Colo., May 5.—Twenty thousand people welcomed President Roosevelt when the special train bearing the presidential party arrived from Denver. The president was received by Mayor Harris, a reception committee of 200 citizens, the staff of Governor Peopdy, two companies of the Colorado national guard and a long line of uniformed men extending from the Rio Grande station to the Antlers hotel and forming an avenue through which the reception committee escorted the president to the Antlers hotel, two blocks distant, where the president addressed a great audience. The president spoke briefly upon the responsibilities of citizenship. Following the address the colored citizens presented to the president a silver medal in the form of a square plate, with the inscription, "To the president, president of the people, a friend to the friendless."

The president thanked the committee of colored citizens and said: "The only thing to do is to do the square thing," and then Rev. Gladien expressed the thanks of the colored residents for the stand the president took on the race question.

Until 5:15 o'clock the president was given a ride through the city, escorted by former rough riders and the reception committee. He was constantly cheered. At 5:15 o'clock, to the music of bands playing "Auld Lang Syne," the special train pulled out of the station for the south.

## President at Pueblo.

Pueblo, Colo., May 5.—Siren whistles of steel works and smelters sounded a deafening good-bye to President Roosevelt as his train sped away to the south and west, after a remarkable welcome to him by a hundred thousand people of the Arkansas valley. His special train arrived at the Mineral Palace park on the Denver and Rio Grande railroad 10 minutes ahead of time. A military escort accompanied the carriages to a decorated platform that had been built in front of the palace. Here the president spoke about 15 minutes to an enormous crowd. The last portion of the address was especially earnest, expressing his trust in the ability of the people of this republic to overcome the difficulties and problems that arise, not by genius or brilliant gifts, but by the exercise of plain and practical common sense and an insistence upon genuine liberty and fair play for each individual.

On the way down town the long procession paused at the beautifully decorated Centennial school building, where the president addressed several thousand pupils of the public schools.

The rest of the way to the Union depot was a ride of cheering crowds. At the station the president and the officials with him reviewed the military portion of the parade, and then he boarded his train with a smiling adieu and a hearty "Good luck to you."

## THIS CITY'S CANDIDATE FOR STATE COMMANDER OF SONS OF VETERANS

Continued from First Page.

enough to know him intimately that he is the man for the place. Mr. Rose is one of East Liverpool's best and most enterprising business men. He is a self-made man in all that the term implies. Beginning his career under the most trying circumstances, and with nothing to encourage him except his natural Yankee grit and a firm determination to win his way, he has now attained a position at the very head of the commercial interests of this city. He elected to the position of commander of the Ohio division, the office will be conducted in a business-like manner, and he will give it the same thorough attention that is devoted to his own business. The order will prosper as it has never done before under the care and thorough guidance of good business men.

Camp No. 3 will have 17 votes in the coming encampment, including the past captains who are entitled to a vote in the body. The rank and file will be represented by at least 15 members, so that the interests of the local candidate will be well taken care of. The majority of the members will leave the city by boat next Saturday night, arriving at their destination some time Sunday night. Headquarters have already been secured for the East Liverpool delegates at the Hotel Norwood at Marietta, and it is proposed to make things exceedingly lively during the encampment.

Mr. H. K. Mitchell, of New Philadelphia, O., speaks of Life Plant in the following emphatic language:

Life Plant is a wonder. We have used it in our family for nearly a year and find it to be all that is claimed for it in giving tone and vigor to the system. It certainly cures rheumatic trouble. In fact I believe it will cure any disease that is reached through the blood.

We guarantee the genuineness of every TESTIMONIAL. The above was indeed a remarkable cure, but it was simple and easy when the proper method was followed. It is a notable fact in science, that disease germs can not exist in pure matter. There must be some impurity else they die. You might arrest a disease by local application, and take some poisons fatal to disease germs, but you cannot hope for a cure by that system of treatment. You must get at the cause.

Impure blood is the cause of practically ALL diseases. To cure any disease you must by some means purify the BLOOD. Scrofula, Salt Rheum, Rheumatism, Eczema, Hives, Tetters, Catarrh and Asthma, are the most familiar forms of blood diseases. Life Plant purifies the BLOOD. It renews LIFE, it restores the vital element in the BLOOD. That is why it cures diseases, and prevents disease. It is nature's way. It's the common sense way. Try it NOW. DELAY is DANGEROUS.

## SHOT BY AN ASSASSIN

Hon. James B. Marcum Killed at Court House in Jackson, Ky.

### THE MURDERER WAS RECOGNIZED

But No One Has Courage to Name Him—Victim Regarded as "Marked Man." Owing to Political Practices. Was Prominent Attorney.

Jackson, Ky., May 5.—Just after he had finished filing papers reopening the contested election cases of Breathitt county Hon. James B. Marcum was shot and killed by an unknown assassin. He fell in the front entrance to the court house and never spoke, death being almost instantaneous. He fell within a few yards of where Town Marshal James Cockrell was shot down in July, the assassin being stationed in the court house in each instance. Marcum was counsel for the Fusionists, who are contesting for the office of county judge, sheriff and other places now held by the Democrats. As a result of his efforts and his sympathy with the Cockrell faction in the Hargis-Cockrell feud he had for a year been generally regarded as a "marked man."

Various plots to assassinate him have been reported and sworn to in affidavits. For 72 days last fall he was a prisoner in his own home, daring not even to go out on his porch. Despite warnings, Marcum felt safe in resuming his interrupted practice some time ago and felt secure in filing a motion to reopen the election cases which had imperiled his life months before.

In the morning he went to the court house and the papers were filed. He walked to the front door of the court house and engaged in conversation with Ben Ewing, a friend. The corridor stretching out to his back was full of men. They had been talking about three minutes when a shot rang out in the rear of the corridor. Marcum staggered and as he sank to the floor another shot was fired. The first bullet entered the back to the right of the spinal column, and passing through the breast and body, struck the door facing him. The next shot passed through the top of his head and was aimed as he reeled. The shots appeared to come from a doorway or possibly from behind a door in the corridor.

County Judge Harris states that the assassin is still unknown, after a diligent search, and no arrests have as yet been made, even on suspicion. Marcum's body lay for 10 minutes untouched. Even his friends feared to approach the place. The body was finally picked up by friends and carried to a drug store opposite and from there taken home.

It is generally believed that the assassin was recognized by some people, but no one has thus far had the courage to name him. Marcum was a trustee of the Kentucky State college, was United States commissioner of his district and representing the Lexington and Eastern railroad and other large corporations. He has practiced law in Breathitt county for 17 years. He had avoided feuds and until he took charge of the election cases which involved the Hargis faction had been a friend of members of both factions. The funeral will take place in Mount Sterling, probably Wednesday.

**Syndicate Buys Land.**  
St. Johns, N. F., May 5.—A syndicate of American and Canadian capitalists, headed by Henry Melville Whitney, of Boston, has purchased 2,000,000 acres of timber pulp lands in Newfoundland and intends to undertake development on a large scale. The syndicate paid over \$1,000,000 for its properties and expects to establish one of the largest enterprises in the eastern provinces.

## OUTLAW GENERAL DIES CAME

Ean Miguel's Forces Routed by Philippine Scouts and Leader Killed.

Washington, May 5.—Unofficial reports received at the war department give additional details of the campaign which resulted in the death of "General" San Miguel and the utter rout of his band of outlaws. The scouts located the band about half way between Calocan and Mariguina, in a strongly fortified corral and blockhouse built by the Spaniards many years ago, and so well concealed by jungle that it had escaped discovery.

Lieutenants Nickerson and Reese and their men made a gallant attack on this stronghold. The scouts charged over the wall and engaged the enemy in a hand-to-hand combat, driving them into the fort. In this assault Lieutenant Reese was shot through the thigh just below the groin.

San Miguel, with a bodyguard of about 30 men, undertook to slip through the line, but being discovered, put up a plucky running fight. Lieutenant Nickerson with 15 men attacked San Miguel's party, but withheld their fire until within short range, when they put three bullets through San Miguel's body. San Miguel died gamely, shooting while being on the ground wounded. Six of his bodyguards were killed. The remainder escaped in the dense jungle.

The Americans lost three killed and 10 wounded, including Lieutenant Reese. The enemy lost 40 dead that were counted and the jungle concealed other killed and wounded. No prisoners were taken. Many valuable papers were found on the bodies of the dead and were said to contain evidence against several prominent officials in the province.

### NO EVIDENCE AGAINST WALSER

Inquest Over Remains of Murdered Woman May Develop Some Clue.

Lorain, O., May 5.—If Father Walser was to have his preliminary hearing right here in my office now and I had to use the evidence I now possess against the man in my judgment I think I should let him go," was the remark made by Mayor King, when asked what he thought of Father Walser's guilt.

Coroner French, Chief Braman and Prosecutor Stroup held a like view. Mr. Stroup had some criticism to offer to the relatives of the murdered girl for their criticism of the authorities. "It is well known," said he, "that the law holds a county liable for any harm that may come to a person at the hands of a mob, hence our action in placing Father Walser under arrest was perfectly justifiable, even if his guilt cannot be proven."

The inquest over the remains of Miss Reichlin will be held in the grand jury room at the city court house at 10 a. m., and it is probable the hearing to be given Father Walser will follow the inquest. Father Walser will be a witness at the inquest.

### SEGREGATION SYSTEM WRONG

Physician Reports on Condition of Leper Colony at Molokai—Hospital on Oahu.

Honolulu, May 5.—The legislative committee which visited the leper settlement has made its report, submitting with its own findings a lengthy and sensational statement made by Dr. A. L. Alvarez, a physician who went to Molokai with the committee as an expert.

The doctor very severely criticizes Hawaii's system of segregation and makes the statement that out of 21 supposed lepers examined by him some time ago 16 were entirely free from the disease and should be at liberty. The segregation system, the report says, leads those who have leprosy and their relatives to conceal the fact in order that they may escape being sent to Molokai. Dr. Alvarez approves the system of segregation in vogue in Norway.

The executive committee recommends the establishment of a large hospital on the island of Oahu and the employment of Dr. Alvarez as physician in charge.

**American Medical Association.**  
New Orleans, May 5.—The American Medical Association has begun a number of its sessions. The medical editors discussed various topics, objected to postal discriminations and held the opening banquet. The association of medical colleges censured the Milwaukee medical association college and discussed methods for the elevation of the collegiate standard. The associated state boards of examiners favored a uniform collegiate standard and adopted a definition for practitioners to be incorporated into state laws. Surgeon General Wyman, Dr. Lorenz and other notables are here.

**Accidentally Shot Himself.**  
Lexington, Ky., May 5.—Walter S. Bronston, aged 31, city solicitor and prominent in politics in Kentucky, accidentally shot and killed himself. He was packing a grip and in transferring a revolver to the grip the pistol fell and was discharged, the bullet entering Bronston's stomach.

**Carnegie's Offer Refused.**  
Montreal, May 5.—The city council rescinded a resolution adopted in April, 1932, accepting an offer of \$150,000 from Andrew Carnegie for a library building. The council could not decide upon a satisfactory site and the dual language question presented a grave difficulty.

## Constipation

Will Undermine Your Health.

Mull's Grape Tonic Cures Constipation.

When the sewer of a city becomes stopped up, the refuse backs into the streets where it decays and rots, spreading disease-creating germs throughout the entire city. An epidemic of sickness follows. It is the same way when the bowels fail to work. The undigested food backs into the system and there it rots and decays. From this festering mass the blood saps up all the disease germs, and at every heart beat carries them to every tissue, just as the water works of a city forces impure water into every house. The only way to cure a condition like this is to cure the constipation. Pills and the ordinary cathartics will do no good.

### MULL'S GRAPE TONIC

Is a crushed fruit tonic-laxative which permanently cures the affliction. The tonic properties contained in the grape go into every afflicted tissue and creates strength and health. As a laxative its action is immediate and positive, gentle and natural. Mull's Grape Tonic is guaranteed or money back.

## The Appetite of Human Nature

When Uneeda Biscuit were first introduced, a conservative said:

"They are all right as far as they go, but they won't satisfy the worker. The worker, you see, wants something solid, and substantial, and plain—like potatoes, cabbage, or beef. These delicate and crisp biscuit, packed so daintily, in that In-cr-seal Package, will not appeal to him any more than winter strawberries."

That sounded like good reasoning. But fact upsets theory.

Workers everywhere have been great consumers of Uneeda Biscuit. The outdoor worker, seated at noon upon the sidewalk, a house wall for his back rest; mill hands in the mill yard, seated on comfortable bales; teamsters and draymen, on their high box seats—all have eaten Uneeda Biscuit, and their wives have eaten them, and their children have eaten them.

Another conservative took another view:

"Uneeda Biscuit are all right," he said, "to sell to the workers, but you must not expect to sell them to the more prosperous people. They are too cheap. Five cents a package—that kills Uneeda Biscuit so far as the wealthy are concerned. The price should be higher—they are worth it."

That, too, sounded reasonable, but it also turned out to be only theory.

For the greatest grocers of the city and of the country say Uneeda Biscuit have taken the place of the more expensive biscuit. Over 200,000,000 packages have been consumed.

The worker eats Uneeda Biscuit because of their goodness.

The wealthy eat them because of their delicacy.

The whole world eats them because they represent the highest value as a food product—pure, wholesome, good.

The appetite of human nature always relishes a good change of diet—Uneeda Milk Biscuit is a change that never disappoints.

BE IT REMEMBERED that any of the foregoing lots having residences upon them or not are upon streets already graded, paved with brick, sidewalks, sewer lines, sanitary and storm sewers; gas and water mains; the houses mostly contain hot and cold water, bath, w. c. and wash stand, and all contain gas and city water; have good rollers; slate roofs are of good material and construction; well painted inside and out and grained; porches, walks, pantries, and in a word they are up-to-date and none of them over 3 years old, and are within one minute of street cars. Nearly every lot lies practically level. Figure the cost of these houses at today's prices; add to this the cost of the water line, gas line, paving and grading of streets (all of which are without of further cost to the purchaser either in taxes or otherwise) and determine how very little you will have to pay for the lot; also figure the cost of the improvements and deduct from selling price of the lots and see how very low in price they are. Your deductions will be sure to interest you.

### TRIP TO WORLD'S FAIR OR \$200 IN COLD CASH

The Prize Which a Popular Restaurateur Proposes to Give Some Lucky Customer.

A free trip to the St. Louis Exposition is the latest move in the business world, and T. O. Carman, one of the city's most enterprising young business men, is responsible for the origin of the plan. He proposes to send some citizen of East Liverpool to the fair, paying all expenses of the trip, and furnishing every cent required to obtain admittance to and secure the enjoyment of the hundreds of interesting and instructive features of the big show.

Mr. Carman's plan is a novel one, and will undoubtedly become popular at once. He is the manager and proprietor of the "Office" bar and cafe, by far the most popular and best equipped resort in this section of the state. He has always been noted for his business tact and enterprise, and in the present instance is said to have surpassed any previous effort.

The proprietor of the "Office" has had issued a coupon ticket which indicates upon its face that the customer has made a purchase to the amount of 5 cents. When the person has invested 25 cents the tickets of smaller denomination are returned to the establishment, and in exchange for them he is given a regularly numbered coupon ticket of the value of 25 cents. These latter tickets are numbered consecutively, and a duplicate is retained by the house. On May 1, 1904, the drawing will take place, and for every purchase of the value of a 25 cent coupon a number will be found in the box. The holder of the ticket corresponding with the number drawn will be entitled to a free trip to the St. Louis fair or \$200 in cash. In order to make it absolutely certain that the prize shall go to some one, the drawing shall be held over again in case the ticket corresponding with the number drawn is not presented at the "Office" within 30 days.

### SETTLED \$1,000 SUIT ON PAYMENT OF \$150

Town Marshal of Washingtonville Compromises an Action for Damages for Arrest.

Lisbon, May 5.—(Special.)—The case of Thomas Layden, an infant, by his next friend, Mrs. Maggie Layden, of Salem, versus George Charleton, of Washingtonville, which was assigned for trial yesterday, was settled.

The plaintiff sued for \$1,000 damages, making George Charleton, as marshal of Washingtonville, and his sureties, party defendants. Charleton is alleged to have arrested him without cause and kept him in custody for four hours. Charleton denied these allegations, and stated that on March 4, 1901, Layden and a companion, Edwin Cook, of Salem, were in Washingtonville delivering merchandise for their employer, scattered large amounts of paper on the streets in violation of village ordinances. He arrested them and took them before the mayor. He detained the young man only about 15 minutes. He said he offered to make complaint against them in writing as required by law, but that the mayor disregarded his authority as an officer, and ordered the boy's release.

A jury awarded Cook \$150 in a similar case, and the circuit court sustained the verdict. The case was settled by the payment of \$150 by the defendant. Charleton is execution proof, but refused to allow his sureties to suffer and will pay the amount himself.

Address on Negro Problem.

New York, May 5.—An address on "The Negro Problem of Today" was given by the Rev. Dr. William H. Weaver, of Baltimore, at the meeting of the Presbyterian Ministers' association, and a member of the Presbyterian board of missions of freedmen. He advocated a policy different from that of Booker T. Washington, saying he believed that general Christian education is the great need of the negro today and not "industrial" education. That there are so many negro criminals in large cities, he said, is due in great part to the fact that people of the race are forced to live in the worst part of the cities.

Emperor Inquires About Roosevelt.

Rome, May 5.—Emperor William received in private and separate audience the members of the diplomatic corps in order of seniority. Ambassador Meyer was fourth in the list. The conversation between him and his majesty lasted for some time and was quite confidential. His majesty inquired regarding Mr. Roosevelt's health and said he had heard of his arrival at St. Louis. The emperor recalled having met Mr. Meyer at the Kiel regatta last year.

Tinplate Workers in Session.

Anderson, Ind., May 5.—The tinplate workers are in executive session. Nothing is being given out further than the scale will be ready by Thursday. It will not be presented to the manufacturers until the close of the convention. There is a movement on foot to select a permanent meeting place and have the headquarters moved there. Columbus, O., has been suggested as the most centrally located city.

### NO SLATES MADE UP FOR N. B. OF O. P. OFFICES

Continued from First Page.

great improvement was shown from all branches of the trade. Many new locals have organized or reorganized during the year and the membership of the others has been greatly increased.

First Vice President Hutchins read his report when Mr. Hughes had concluded. While it dealt solely with conditions in the east it was none the less interesting, as that section had been the storm center during the year. Mr. Hutchins is too modest to claim all the credit for the great work accomplished among the eastern operators, but it has been largely the result of his efforts. In the east alone almost 1,000 new recruits have been added to the Brotherhood and Mr. Hutchins has reorganized five locals and formed one new one. When the chaotic condition of the eastern men is taken into consideration the accomplishment has not been a small one.

Secretary Duffy had not concluded his report when the time for adjournment arrived and he concluded it this morning. Mr. Duffy's report was complete in every detail and was of great interest to the delegates.

The committee on rules reported yesterday and its recommendations were unanimously adopted. The hours for the session of the convention were fixed at from 9 until 12 in the morning and from 2 until 5 in the afternoon. The delegates will not be permitted to smoke in the convention room while the body is in session. The most important ruling was a time limit for the introduction of resolutions. All of them must be presented before the close of the Wednesday morning session. Any resolutions presented after that time must have the consent of two-thirds of the delegates before they will be considered.

By this ruling the delegates will have a better idea as to how much time they can afford to devote to any one question and will prevent the sessions continuing unnecessarily.

Thomas J. Duffy completed his report as secretary at the session this morning. This was followed by his report as a delegate from the N. B. of O. P. to the convention of the A. F. of L. held at New Orleans last January. Harry Haines, of Wheeling, who was also a delegate to the A. F. of L. convention, submitted his report.

President Hughes then announced the following committees, and the convention adjourned until after dinner so the committees would have time to caucus and consider resolutions:

State of Order—S. M. Moore, Thomas Dodge, John Morgan, John Darrah, H. B. Henderson, John Curly, William Ashbaugh, Davis Driver, R. D. Grainger, Sadie Murray, Mary J. Brandon.

Finance—Ed. Menge, Joseph Cotton, J. C. Madden, R. Webber, Thomas Daugherty, Harry McMaisters, Thomas Collins, William Elders, S. Coventry, Lucy Drabble, Annie McKenna.

Law—Thomas Black, William Guthbert, C. G. Webster, Frank Gratton, George Richards, J. W. Clark, D. Caterson, P. Walklet, Enoch Wootton, Mrs. Park Herbert, Tillie Veelt.

Price List—Bernard Quizeley, Frank Huff, U. E. Price, John Morgan, Harry Haines, P. J. McKeone, Thomas Huston, William Wootton, Jam's Myler, Thomas Harvey.

Appeals and Grievances—A. D. Burford, George Guthrie, Mike Fennel, Walter Crewson, B. Street, S. Burgess, J. Lister, E. N. Croxall, William Felck.

The work devolving upon Secretary Duffy is enormous and he will get the least enjoyment out of the convention. He has been long constantly at his

desk and works many hours after the sessions are adjourned. His labors will be considerably lightened by the assistance of an assistant secretary, George Martin, of Trenton, who was selected yesterday afternoon.

There has been very little if any change in the sentiment as to the presidency. It is probable that the names of both Harry Haines and Frank Hutchins will be presented as candidates, but neither of them is expecting the honor. As stated yesterday, Mr. Hutchins will not accept if elected, but Mr. Haines will serve if it is the will of the delegates. Today he practically endorsed Mr. Duffy as the logical successor of Mr. Hughes.

The race for secretary is not so one-sided. P. J. McKeone has entered the contest with a vim and his friends say he will be the lucky man. They point out his service in this capacity before the position carried with it a salary. He certainly is well qualified and is popular among the delegates. National Treasurer Woods and Frank Gratton each have a strong following.

Among the first resolutions offered were those from the eastern locals, perhaps the most difficult with which the convention will have to deal. The resolution dealing with the uniform scale for the east will occupy a great deal of time and as yet no acceptable solution has been offered. One thing is sure, however, and that is the few who are profiting at the expense of others will be disregarded and the question settled to the best interest of the Brotherhood.

Most of the resolutions will be introduced by reading the text and this will be done for the most part today. There will be very little demand for the two-thirds vote to get a resolution in.

As yet there has not been a candidate for the treasurer's position mentioned in case John Woods succeeds Duffy as secretary. Owing to the unanimity of the choice for president it is not an easy matter to fix up a slate and so far as can be learned there is none. It is not likely that there will be any change among the vice presidents. Major Adams, Harry Haines, Sheldon Moore, Frank Hutchins and others will be reelected from present appearances without opposition.

President Hughes, Secretary Duffy, Treasurer Woods, First Vice President Hutchins and a number of others were at the Court theater last night to see "The Little Princess."

Walter J. McKeone, of Peoria, arrived safely and is taking a prominent part in the affairs of the convention.

Two of the leading candidates in the News Review's popularity contest are conspicuous among the delegates. They are Thomas Neal, of East Liverpool, and Walter Crewson, of Sebring, and both are looking after stray consents.

Will Ashbaugh is uneasy during the afternoon sessions because of the Central league ball games on the island. He can't be happy at anything else while a game is going on.

George Heisler, formerly art decorator at the National and now holding a similar position with the Warwick China company, has been looking up old friends among the delegates.
